GERMANS MOVE INTO IRAQ VIA SYRIA; BELIEVED HITLER KNEW HESS FLIGHT

LABOR MINISTER OF BRITAIN SUSPICIOUS FLIGHT NO. 3 NAZI

BEVIN SAYS HESS RESPONSIBLE FOR MURDER OF GERMAN TRADE UNION LEADERS

(By The Associated Press.)

British labor minster Ernest Bevin said today that he believed Nazi Deputy Fuehrer, Rudolf Hess flew to Scotland with the full knowledge of Adolf Hitler, but that he doubted Hess came "out of mad sympathy for the British people."

In the first outspoken official comment on the bizarre episode, Bevin declared:

"From my point of view, Herr Hess is a murderer.

"You can understand my feeling when I tell you he was the man who collected an index card on every trade union leader in Germany and the social democrats and when the time came, they were either sent to concentration camps or murdered."

Bevin hinted broadly that Hess' concern was for the German people—not the British—as a result of nazi casualties in the Balkans and death and destruction wrought by RAF bombs on Germany itself.

Prime Minister Winston Churchill told the House of Commons he would report at the first opportunity on the Hess incident "guided in the selection of that opportunity by the public interest."

No Scottish Separate Peace.

Asked if there were any truth in a German radio suggestion that "Scotland is ready to make a separate peace with Germany," Churchill replied:

"Whatever delusions may exist, that is not among them."

Bevin's statement on the Hess mystery came as a series of developments indicated that Hitler may be starting a big-scale campaign in the Middle East. These included:

1. British headquarters at Cairo said German warplanes had landed at flying fields in the oil kingdom of Iraq.

2. The German radio said the British had ordered all British women and children withdrawn from Palestine.

3. German Ambassador Franz von Papen returned to Istanbul with "friendly greetings" from Hitler to Turkish President Ismet Inonu. If she did not fight, Turkey would be an easy route for a sweep of Hitler's Balkan armies toward the Suez Canal.

Eden Blames French.

British Foreign Secretary Anthony Eden told parliament that French authorities were allowing German planes to land in French-mandated Syria en route to Iraq and that "the French government cannot escape responsibility for this situation.

"There action under German orders in permitting these flights is a clear breach of the armistice terms." Eden said.

Neutral sources in Vichy, France said the British had already attacked an airdrome in Syria.

Simultaneously, French chief of state, Marshal Philippe Petain, told the nation in a two-minute broadcast that German-French negotiations had "lighted the pathway to the future."

Petain declared that if the continuing negotiations with Hitler are successful, France "wll be able to rise above her defeat and maintain her world rank as a Europea and colonial power."

In Berlin, nazi sources said Hitler was not expected to make a speech for the time being on the Hess episode.

Supporting Bebin's theory of dark days in Hitler's reich, Glasgow residents who talked with Hess after his parachute descent from a crash-bound Messerschmitt 110 last Saturday quoted him as saying there was great distress among the people of German towns because of RAF bombing assaults.

They also quoted the No. 3 nazi as saying he was weary of the war.

Authoritative quarters in London spiced the riddle by declining to confirm unofficial but censor-passed reports that the Nazi deputy fuehrer, in defiance of Adolf Hitler's orders, flew to Britain as a self-constituted "apostle of peace."

The new twist further complicated the war's strangest story.

These facts emerged:

1. A British radio spokesman first hinted broadly that Hess was divulging vital German military secrets by declaring he was talking and writing "words which will make the German high command sweat."

2. The Berlin radio subsequently insisted that Hess, suffering a "Messiah complex," flew to the Scottish estate of the Duke of Hamilton, an old friend, in the hope of bringing about an end to the war.

3. Informed British quarters then accepted this version—only to have it cast in doubt by high officials.

Claim British Attack Airdrome.

VICHY, France, May 15.—(AP)—Neutral sources said tonight that the British had attacked an airdrome in French-mandated Syria, but the French foreign office said it knew nothing of events in Syria.

Officials Closed Local NYA House Here Wednesday

The Resident Center NYA House project at the building across the street from the P. and S. Hospital was closed Wednesday afternoon on orders of NYA officials, it was learned.

It is believed, however, that the closing of the project in which approximately 40 Navarro county girls were employed, is only temporary.

Harold H. Hitt of Palestine, area director pro tem and personnel director, is reported to have been in Corsicana Wednesday afternoon. It is understood that all girls projects in this area have been closed.

Mrs. Lila M. Colp has been in charge of the local project since it was opened several years ago.

The Associated Press furunished the following item:

"State headquarters says Home evidently closed pursuant to orders for all area directors to suspend for remainder of fiscal year projects not directly involved in national defense program if area budget necessitates. Don't know statewide result of order since area directors have not yet reported to headquarters."

Local sponsors and officials believe the project will be reopened soon and at least not later than July 1, when the new federal fiscal year begins.

A majority of the girls of the center are employed at the P. and S. Hospital, a Navarro county institution.

SENATE APPROVED GIVING PRESIDENT POWER OVER SHIPS

LEGISLATION PASSED SENATE BUT IS RETURNED TO HOUSE DUE TO AMENDMENTS

WASHINGTON, May 15.—(AP)—Far-reaching legislation empowering the President to take over foreign ships lying idle in American waters was passed by the Senate today and returned to the House for consideration of amendments.

The bill was approved after the chamber had rejected, 43 to 38, an amendment by Senators Vandenberg (Rep.) of Michigan and Clark (Dem.) of Missouri, which would have prevented the President from transferring any of the ships from one belligerent country to another. The proponents argued that such transfers would be "needless, provocative acts of war."

Of the minor amendments were attached by the Senate, one would insure "equitable compensation" for alien seamen who lose their jobs as a result of government ship acquisitions.

Of the eighty-odd ships affected by the legislation two are German and twenty-eight Italian.

The vessels could be acquired by purchase, charter, requisition or condemnation. Purchase and charter would be voluntary transactions, while requisition and condemnation proceeidngs would involve the use of governmental authority. Just compensation would be provided in all cases.

DR. H. H. PANTON DIED SUDDENLY AT HOME LAST NIGHT

FUNERAL HELD THURSDAY AFTERNOON WITH BURIAL IN OAKWOOD CEMETERY

Dr. H. H. Panton, aged 57 years, died with a heart attack at his home, 1509 West Park avenue, early Wednesday night.

Funeral services were held Thursday afternoon at 4 o'clock from St. John's Episcopal church. Burial was in Oakwood cemetery. The rites were conducted by Rev. C. R. Haden, Jr., rector of the church.

Dr. Panton had been a practicing physician in Corsicana since 1923, and prior to that time had resided in Ranger, Eastland and Mexia. He was a major in the U. S. army medical corps during the World war.

Masons had charge of the rites at the grave.

Surviving are his wife of Corsicana; three daughters, Miss June Panton, Corsicana; Mrs. Wilson Rygar, Ponca City, Okla., and Mrs. Edward Lyle, Wink; a son, Preston Panton, Corsicana; a grandson, John Lyle, Wink; two brothers, John and Irving Panton, both of Clay Center, Kan., and two sisters, Mrs. F. E. Weekly, Denver, Colo. and Mrs. A. Burgman, Locke, N. Y.

Pallbearers were Wesley Edens, Jr., Chester Minyard, H. M. Montgomery, J. F. Stein, Amos Choate, John Puterbaugh, A. L. McCleary, L. R. Estes and Rufus Shell.

Honorary pallbearers were members of the Navarro County Medical Society.

Corley Funeral Home directed arrangements.

COMING OF HESS TO BRITISH ISLES HELD THREAT BY AMERICAN

PRIME MINISTER CHURCHILL POSTPONES HIS STATEMENT CONCERNING NAZI OFFICIAL

LONDON, May 15.—(AP)—Rudolf Hess' strange flight to Scotland was with the full knowledge of his fuehrer, Labor Minister Ernest Bevin said today, and a highly placed American declared that, whatever the purpose, it is a threat to the

Prime Minister Churchill delayed a full statement, but denied that a separate peace with Scotland was one of the illusory purposes Hess might have had in his Saturday night descent on a Scottish moor to seek out a Scottish nobleman, the Duke of Hamilton.

The American, who preferred to keep his anonymity in the issue because of its domestic reverberations, declared Hess was either the witting or unwitting harbinger of new blows by the German military machine.

As if to accent his warning, it was officially announced from Cairo today that the German luftwaffe was moving into Iraq, using bases in the French mandate of Syria as way stations.

"From my point of view," said Labor Minister Bevin, making known his views, "Herr Hess is a murderer."

He added that he was not going to be "deceived" by what he called a stunt which had been tried over and over again "by totalitarian gentlemen and communists."

Hess, he said, is "no man I would ever negotiate with," and "I do not believe that Hitler did not know Hess was coming to England."

The reference to Scotland came in a question to Churchill in the House of Commons by the Scotch labor member, Arthur Woodburn.

"Is there any truth in the inference suggested by the German wireless that the intelligence department has crated the impression in Germany that Scotland is ready to make a separate peace with Germany?" he asked.

"Whatever delusions may exist, that is not among them," Churchill answered.

Explaining the delay of 48 hours in making the first British announcement of Hess' coming, Churchill said "it (the delay) certainly was not unfortunate, but if it had been unfortunate it would have been unavoidable."

He did not believe the story himself when he first heard it, he said, and conclusive identification had to be established in the face of the "surprising character of the information."

Concern For Germany.

Asserting it was Hess' index card system which had made the Nazis' persecution of German labor leaders and social democrats so thorough, Bevin said the "secret information" brought by Hess was about internal conditions in Germany and his concern was for Germany and not for Britain.

Bevin made it plain in his speech that he was speaking his own personal opinion independent of any government expression.

Glasgow residents said Hess had told several individuals with whom he talked that there was great distress among the people of many German towns because of bombing by the British Air Force and that was weary of war.

"I'm suspicious of the whole thing," the American declared, preferring anonymity to injecting himself into this gripping domestic issue.

But he frankly expressed criticism of the British handling of the affair as having "spread too rosy a glow, and this, combined with German emphasis on the angle that Hess came to the British Isles with suggestions for a peace understanding, may lull people into a letup and soften them for new blows by Germany."

The riddle of Rudolf Hess was complicated today when authoritative quarters declined to confirm the British Press association's report that Hess parachuted into a Scottish moor last Saturday night as a self-constituted apostle of German-British peace.

Statement Postponed.

Prime Minister Churchill, who is generally assumed to have talked with Hess, apparently wants more information from the Erstwhile No. 3 nazi before laying the whole affair before parliament and public.

An extensive Churchill statement had been expected today, but by late afternoon it became certain the prime minister had decided to postpone it. When it will come is uncertain.

Hess is still nursing his ankle fracture at an unidentnified military hospital.

If Churchill actually has not interviewed Hess, he is known to have a full report on a meeting in Scotland between Hitler's longtime collaborator and the Duke of Hamilton, an old acquaintance of Hess.

The Duke saw Hess within 38 hours after he parachuted out of

See HESS, Page 7.

CHURCHILL SAYS WILL REPORT HESS AFFAIR EARLY DATE

PRIME MINISTER BE GUIDED BY PUBLIC INTEREST IN HIS STATEMENT

LONDON, May 15.—(AP)—Prime Minister Churchill told the House of Commons today that he would report at the first opportunity on the Rudolf Hess incident but that he would "be guided in the selection of that opportunity by the public interest."

Pressed to explain a delay of 48 hours in the original British announcement of Hess' parachute arrival, Churchill said, "it (the delay) certainly was not unfortunate, but if it had been unfortunate it would have been unavoidable.

"First of all we had to establish the identity of the injured German airman who had landed, and we only had evidence which, while it was very interesting, could not be considered conclusive in view of the surprising character of the information."

Churchill said "I did not believe it when I was told in the course of Sunday, I think it was, but I immediately sent an officer who knew the deputy fuehrer and was able to speak with him in fluent German.

"While that was still proceeding, the German announcement came out as to the insanity of the deputy fuehrer and his flight to Scotland. In these circumstances what had hitherto been a surmise or probability, merged into definite certainty.

Laborite Arthur Woodburn, a Scot, asked, "is there any truth in the inference suggested by the German wireless that the intelligence department has created the impression in Germany that Scotland is ready to make a separate peace with Germany?"

Churchill replied, "whatever delusions may exist, that is not among them."

STRIKES CALLED IN HUDSON AND GENERAL MOTORS AUTO PLANTS

STRIKE IN 60 G. M. PLANTS HAS BEEN POSTPONED FOR ONE DAY IS REPORT

(By The Associated Press)

The United Automobile Workers (CIO) union called a strike against three Hudson Motor company plants in Detroit today and General Motors Corporation reported a walkout at its Flint, Mich., Chevrolet Works despite agreement to postpone a strike against GM until Friday.

The stoppage at General Motors also spread to the Buick plant and two Fisher Body plants, with company officials estimating that upwards of 35,000 workers were idle.

A strike which had closed the New Haven Foundry Company at New Haven, Mich., was settled last night, permitting the Dodge division of the Chrysler Corporation at Detroit to resume full operations. Dodge obtains its cylinder block supply from the foundry company and had been forced to curtail production. No details of the issues nor settlement agreement were given.

The defense mediation board early this morning, only a few hours before a strike was set for 60 plants of General Motors in 22 states, announced a postponement for one day in the walkout. CIO union officials said they thought the stoppage at Flint took place because word of the postponement got there too late.

The Hudson walkout applied to three plants, with 8,500 employes, but union officials said work on a $10,000,000 deefnse order for airplane parts was not affected.

The union demanded a 15-cent-an-hour wage increase in unrevealed current scales at the Hudson company. The board of directors considered the union demands. Claude E. Bland, president of the local union, said "the company refused any decent wage offer."

HEAVY FIRE LOSS TRINIDAD BUSINESS AREA TUESDAY NIGHT

TRINIDAD, May 14.—Damage estimated at $10,000 was sustained here Tuesday night when fire of undetermined origin destroyed the Matthews General Mercantile store and damaged four other business sites. The blaze lasted about an hour. Telephone and electric light services were temporarily interrupted. All of the buildings were one-story bricks. Athens and the Texas Power & Light Company fire fighting crews brought the flames under control.

The fire originated in the Matthews store. The Skiles Cafe and Market and Poston Grocery Company sustained heavy damage, while Carson's Lumber Yard and the Melear Grocery suffered losses.

SENATE UNANIMOUS IN PASSING MEASURE FOR STATE CASH BASIS

GOVERNOR O'DANIEL GETS ONE OF MAJOR RECOMMENDATIONS ON THURSDAY

AUSTIN, May 15.—(AP)—The senate today sent Governor W. Lee O'Daniel the answer to one of his major recommendations — a constitutional amendment which sponsors contend would place finances of the state on a cash basis.

If the governor approves the measure, the people would vote on whether the legislature would be allowed to pass appropriations in excess of cash income.

The constitutional amendment proposal previously had been approved by the house. It was passed by the senate without a dissenting vote.

The house joint resolution authorizing submission of the constitutional amendment sets out the state comptroller would submit to the legislature and the governor, 10 days in advance of each session of the legislature, a statement of the financial condition of the state treasury and an estimate of probable receipts and disbursements for the remainder of the biennium.

Senate approval of the measure was given as the house—for the first time this session—overrode a veto of the governor.

By a vote of 92 to 42 it passed, notwithstanding the executive's disapproval, a $44,000 appropriation which would add more liquor inspectors to state forces for the remainder of the fiscal year.

Continuing the theme of state finances, the house also instructed its yet-to-be-appointed conferees on the departmental and educational appropriation bills to slice out all "unessential items" but refused to instruct for reduction of a $1,500,000 item for the Big Bend Park purchase to $1,000,000 and deletion of $72,600 earmarked for rodent control.

Speaker Homer Leonard pointed out that instructions to conferees were directionary rather than binding.

An effort to bring out of committee a bill donating one-half of the state general fund ad valorem tax to counties failed in the house by a one-vote margin. Members refused, 62 to 63 to reconsider yesterday's action recommitting the senate approved bill to the state affairs committee.

No appropriation in excess of the cash on hand and anticipated revenue would be valid under the proposed constitutional amendment. In cases of emergency, however, the legislaturue might, by a four-fifths vote of both houuses, pass a deficit appropriation bill.

Beginning January 1, 1945, the comptroller would be required to certify that each appropriation bill was within the revenue expected for the biennium before the bill could be considered passed.

If the comptroller found that an appropriation bill exceeded the estimated revenue, he would send it back to the house, and it could not be again considered unless additional revenue, sufficient to pay the appropriation, was provided.

The legislature would be authorized to pay the present deficit of the state by issuing bonds.

Voters would pass on the proposal at the next general election, Nov. 3, 1942.

The motion to cut out unnecessary items from appropriations was made by Representative Omar Burkett of Eastland.

"I hope this will do some good," said Representative Sam Hanna of Dallas, "but I don't think it will because the committee will say every item is necessary."

HOUSE OVERRODE GOVERNOR'S VETO LIQUOR BOARD FUND

AUSTIN, May 15.—(AP)—The House of Representatives today overrode the governor's veto of a $44,000 emergency appropriation for the liquor control board.

The vote was 92 to 42. It marked the first time this session that either House has passed a bill over Gov. O'Daniel's veto.

After the vote, ten members switched their votes from no to aye giving the bill 102 votes in order to make the appropriation immediately available in case the Senate takes similar action.

Representative James Taylor of Kerens, who made the motion, said the money was needed to obtain stricter enforcement of the liquor laws in the vicinity of army camps and to provide the board with more men to help collect the increased liquor tax which goes into effect June 1.

A $23,000,000 omnibus tax bill increased the tax on liquor from 96 cents to $1.28 a gallon. By supervising the placing of tax stamps on retail and wholesale stocks on hand June 1, the liquor board will collect about $500,000, Taylor estimated.

REGIONAL COUNCIL NATIONAL DEFENSE WILL BE ORGANIZED

EAST TEXAS CHAMBER OF COMMERCE SETS 1941-42 BUDGET AT $80,000

Formation of a regional council on national defense to serve as a clearing house for information to all communities in the eastern half of the state on civilian defense was announced by the executive committee of the East Texas Chamber of Commerce following their meeting at the Corsicana Country Club on Wednesday.

President J. N. Edens of Corsicana named Vice-President J. A. McGill of Paris to head the new unit of the regional organization.

General Manager Hubert M. Harrison of Longview reported the chamber was in good financial condition and the executive committee adopted a budget of $80,000, an increase of 10 per cent over the 1940-41 total.

The committee also announced the policies in force during the past year on agriculture, livestock, tax control, industrial development and forestry would be continued and expanded. All present staff members were re-appointed.

The Corsicana plan of convention entertainment which eliminates the registration fees and sets up a standard price for floats in the annual parade was approved by the executive committee and recommended as a permanent policy. The committee extended a vote of thanks to President Edens for his entertainment of the group Wednesday.

Dates for the sixteenth annual convention in 1942 at Shreveport were announced for April 19, 20, and 21.

President Edens and Manager Harrison were scheduled to leave Thursday for the annual meeting of the West Texas Chamber of Commerce where that body will receive an invitation to join with the East Texas chamber in the national defense move. A similar bid will be extended to the South Texas Chamber of commerce, and formation of a state council is anticipated. It was indicated there was a possibility a Washington office might be opened shortly, to keep East Texans better informed of the rapid progress of the gigantic defense program as it affected the respective communities.

The committee action on the council followed a report by Mr. Harrison of information secured on a recent trip to Washington where he conferred with Secretary of Commerce Jesse H. Jones and other leaders. A letter from Secretary Jones endorsing the council was read at the committee session.

GREAT BATTLESHIP WASHINGTON JOINS U. S. FLEET TODAY

AMERICA'S MOST POWERFUL DREADNAUGHT IS FINISHED SIX MONTHS AHEAD TIME

PHILADELPHIA, May 15.—(AP)—A new and deadly link joins the nation's defense chain today with commissioning of the mighty battleship Washington six months ahead of schedule.

Rushed to completion in three years at a cost of $70,000,000, America's most powerful dreadnaught raises the U. S. fleet's battleship strength to 17 vessels.

Secretary of the Navy Knox will be the only speaker at brief but colorful ceremonies (2 p. m. EST) marking passing of the 35,000-ton ship from navy yard builders to her captain and crew.

Among some 1,000 special guests were other top ranking navy officials headed by Admiral Ernest J. King, commander of the Atlantic fleet, and congressmen and representatives of the state of Washington for which the vessel is named.

Just a month ago the Washington's sister ship North Carolina was commissioned at Brooklyn navy yard. They are the first battleships built by this country in 18 years and are the first of 17 ordered in the defense expension program to give the nation a two-ocean navy. Sea trials are scheduled later with the vessels joining the fleet in several months.

FRENCH TOLD BY PETAIN TO FOLLOW HIM COMPLETELY

VICHY, France, May 15.—(AP)—Chief of State Marshal Petain told the French people tonight "it is up to you...to follow me without mental reservations" after he had informed them the German-French negotiations have lighted "the pathway to the future."

The Marshal assured the nation if, "in the strict discipline of our public mentality" France is able successfully to carry on the negotiations with Germany she "will be able to rise above her defeat and maintain her world rank as a European and Colonial power."

Food Stamps Are Scheduled Issued Monday Morning

A total of $24,375 of food stamps for Navarro county are en route to Crsicana and are due to arrive Friday, County Judge E. D. McCormick stated Thursday morning.

The issuance office is slated to be open for business Monday morning in the Keith building on West Sixth avenue, immediately west of the Jackson Grocery and across the street from the Corsicana Hospital and Clinic.

J. M. Tullos, issuance officer, stated Thursday morning that advices had been received showing $7,500 in orange or paid stamps, and $16,875 blue or free stamps were included in the initial consignment.

Persons entitled to purchase food stamps will buy orange denominations while the blue stamps are to be issued where entitled, both on orange purchases or on direct issues.

There will be a total of 4,650 books of stamps, it was stated.

HOUSE COMMITTEE ON APPROPRIATIONS RECOMMENDS BILL

WASHINGTON, D. C., May 15.—The house appropriations committee recommended a $24,846,047 appropriation today to finance the legislative establishment during the year starting July 1.

In passing the bill along, the committee advocated tighter bans against payment of the funds to aliens or subversive persons.

In addition to money to pay the $10,000 yearly salaries of senators and representatives, the bill carried funds for operating the congressional library, the government printing office, the botanic garden and for maintaining the capitol and its office buildings.

The total was $278,817 more than the current year's figure for the year.

The committee wrote into the bill a provision to bar ayment of the money to any person advocating or belonging to an organization that advocates overthrow of the government for force.

Of the total approved, the senate would get $3,875,554, the house would get $9,285,218, the library $3,825,927, the printing office $5,107,000 and the architect of the capitol, $2,296071.

PIONEER RESIDENT BARRY COMMUNITY BURIED THURSDAY

Funeral services for P. H. Archer, age 74 years, were held from the residence at Barry Thursday morning at 10 o'clock. Burial was in the White Church cemetery and the rites were conducted by Rev. W. B. Morton, pastor of the Barry Methodist church.

Mr. Archer died Wednesday afternoon following a lingering illness. His wife died a few months ago from burns received when she got up during the night to administer to him.

Surviving are several brothers and sisters.

Mr. Archer had been a resident of the Barry community about 50 years.

Corley Funeral Home directed the arrangements.

Corsicana Future Farmers Second In Arlington Contests

Darrell Williams and Forest Robinson, members of the Corsicana chapter, Future Farmers of America, each won second place in public speaking and news writing, respectively, in the area leadership contests held at Arlington Saturday, May 10.

This qualified them to enter the state leadership contest to be held at Marshall, July 16-19. To qualify one had to be in the high three of a contest at the area contests. This area is composed of 85 schools.

The Corsicana chapter also entered a team in the farm demonstration division, which placed sixth. This team was composed of Neil Gay and Carlton Jones.

The State FFA convention will be held along with the leadership contest in Marshall and Darrell Williams will use the same speech, "My Faith in Farming," as he used in the area contest.—Reporter.

Sherman Man Dies.

SHERMAN, May 15.—Will C. Eubank, local wholesale grocery company executive, died Monday in a Milwaukee hospital where he had been a patient since last September.

Funeral services were held here Thursday.

Surviving are two sisters, Mrs. W. L. Herner, Milwaukee, and Miss Bessie Eubank, Sherman, and a brother, J. S. Eubank, Sr., Sherman, former mayor of Corsicana.

NEW WAR FRONT IS BELIEVED OPENED IN NEAR-EAST SECTOR

HITLER HAS APPARENTLY DECIDED TO AID IRAQ REGIME AGAINST BRITISH

LONDON, May 15.—(AP)—Germany has moved into Iraq by way of French-mandated Syria, using Syrian airfields for luftwaffe stopovers, the British government announced today.

The scope of the infiltration was not known but a British Middle East Headquarters announcement said the German planes answered "an urgent appeal by Rishid Ali Al Gailani to his axis partners" and "bore propaganda agitators and other similar axis specialists" to Iraq.

Despite the German move, the communique said, "the situation in the Basra and Hahhaniyah areas remains quiet." Most of the Iraq-British fighting has been at Habmaniyah, where the British have an air field.

At the same time a prospect of the French mandate's involvement in the struggle over Iraq was cited in a declaration by Foreign Secretary Eden that "full authority" had been given to British forces to attack German planes in Syria.

Eden charged that the transit of German planes via Syria was a "clear breach" of the armistice agreement between Germany and France after that British ally was knocked out of the European war last June.

Rich Oil Field Area.

Iraq, scene of sporadic guerilla fighting between native forces and the British since May 2, is one of the world's richest oil producers and a route to Britain's vital Suez Canal.

A Reuters (British news agency) dispatch from Cairo quoted a "well informed traveler" as saying that two axis military missions had arrived in Baghdad, Iraq capital, a few days ago after flying over Syrian territory.

A "high personage" was reported at Beirut, Lebanon, in conversation with the Italian armistice commission and French authorities.

Reuters said the Iraq-bound German planes using Syrian air fields had disguised markings.

Apparently Adolf Hitler (perhaps through agreement with the Vichy government) at last had gone to the aid of the Iraquis against the British, fulfilling the German statement at the end of the Balkan campaign that only the first phase of the war in the middle East was over.

From Several Sources.

Evidence that the Germans had launched a new military venture on the hot sands of Asia Minor came today from several sources—including a Cairo announcement of the Middle East command. Among them were:

1. A reliable source here said German planes were landing in French-mandated Syria enroute to Iraq and would be bombed and machine-gunned by the British.

2. Foreign Secretary Eden charged that the Vichy government apparently had granted transit rights to the German forces.

3. German Ambassador to Turkey, Franz von Papen, who recently returned to Ankara after consultations in Germany, conferred at length with Turkish President Ismet Inonu today and bore him "friendly greetings" from Hitler.

Germans Reach Syria by Air.

(The German radio said the British had ordered all British women and children withdrawn from Palestine.)

Reliable reports reaching Cairo last night said German personnel had reached Syria by air.

There was no immediate amplification of the report that Germans were using the French mandate in the near East to rush reinforcements to Premier Rashid Ali Al Gailani of Iraq.

British reports from Cairo yesterday said, however, that a "German mission" had arrived in Syria. The purpose of the mission at the time was not explained.

An indication that the British consider ther Near East position critical was seen recently in the appointment of Lieut.-Gen. Sir Henry Maitland Wilson as commander in chief in Palestine and Trans-Jordan.

Wilson is Gen. Archibald P. Wavell's right hand man. He was in charge of operations in the Western desert drive through Libya, and then the commander in chief in Greece.

Two Corsicanans Honored.

WACO, May 14.—Fred H. Harvey, Jr., of Corsicana has been named as a member of the executive committee of the newly-elected District 4 council of the East Texas Chamber of Commerce by Raymond L. Dillard of Mexia, chairman of the council. He will be civic improvement chairman.

O. L. Albritton of Corsicana was named as the representative of agriculture on the executive committee. Mrs. George D. Stubbs, Wortham, will be a member of the civic activities group of the committee, while L. W. Hartsfield of Hillsboro will represent schools.

GOVERNOR GETS HIS PET BILL BUT WITH BIG PART MISSING

BILL TO DONATE COUNTIES HALF OF STATE PROPERTY TAXES BELIEVED DEAD

AUSTIN, May 15.—(AP)—Governor W. Lee O'Daniel today faced the prospect of taking half a loaf or none at all on one of his most cherished recommendations to the legislature.

On his desk for approval or veto lay a bill which would strip him of the power of choosing a state auditor and endow a joint legislative committee with that function.

O'Daniel, this session and last, asked the lawmakers to make a double change. He wanted the legislature to take over appointment of an auditor but also asked that the governor be empowered to name a budget director, taking that job from the board of control.

Bills to that effect were introduced but in the course of committee and floor action the portion permitting O'Daniel to name a budget director was discarded.

Adoption of a conference committee report by the senate yesterday routed the bill to the governor, the house having approved it previously.

Chances dimmed somewhat for approval in the waning session of a bill which, it was estimated, would slash state revenues from $4.500,000 to $9,000,000 annually, a move opponents asserted would undo much of the legislature's efforts to boost income by recently enacting a $23,000,000 omnibus tax law.

Sent Back to Committee

By a paper-thin margin of votes, the lower chamber sent back to a committee a senate-approved bill donating to counties one-half of state property taxes for five years. The committee was instructed to report the measure not later than Monday at 10 a.m.

Proponents contended the bill, because of lateness of the session, had been shunted to oblivion.

Although the house had not acted, the senate accepted a conference committee report on a bill remitting interest on delinquent property taxes paid by Nov. 1. A six per cent tax would be levied on the tardy payments.

Urging reductions in the departmental and education appropriation bills, Rep. Sam Hanna of Dallas, asserting "somebody's got to protect the taxpayer," questioned how many members voting against his proposal had wives or other relatives on the state payroll.

He made a fiery personal privilege speech in which he "dared" anyone to introduce a resolution expelling him from the house for what he said. His proposal failed.

Anti-Scalping Bill

House bills approved in the senate would prohibit scalping of tickets to athletic events; appropriate $7,000 for supplementary scholastic censuses in defense areas; reduce boxing match license fees in small cities;

Appropriaate $26,183 for county and school district taxes on Brazoria and Fort Bend county prison lands; allow counties to pay travel expenses for officers going to other states to return prisoners; extend from two years to 10 the limitation on cases in which estate funds are converted by administrators;

Permit the unemployment compensation commission to make rules for seasonal workers; limit the appeal in sanity cases to district courts; appropriate $15,000 to the land office for compilation of abstract records; make killing of homing pigeons a misdemeanor; direct University of Texas regents to create a voluntary R.O.T.C. unit; appropriate $5,000 to the San Antonio canal and river conservation district, and authorize the Hawkins independent schol district to execute oil and gas leases.

News of County Home Demonstration Clubs

Corbet 4-H Club.

"There are two kinds of canned tomatoes, just plain canned and salad packed." Miss Clara Rettiger, county home demonstration agent told a group of Corbet 4-H club girls at a meeting with Evelyn Burnett May 9.

Salad packed tomatoes are the larger, firm tomatoes, but they are packed just as the others, continued Miss Rettiger. To can tomatoes choose the ripe firm tomatoes. Scald the tomatoes in boiling water for just a few seconds. Then place in cold water and the peeling will come off very easily. Then remove the core and pack in jars. The water bath is preferred to the pressure cooker. When they are cooked in the pressure cooker they are usually mushy, and sink to the bottom of the jar. After the tomatoes are packed, cover with water or tomatoes juice. The tomato juice makes them a deeper red than the water. The juice may be made with the smaller tomatoes by running them through the seine. For the container you may use the bottom part of pressure cooker. Pour water (not boiling) over the jars to about 1 inch above them. Then let the water come to a boil and boil for 30 minutes. Then take them off and let cool.

Evelyn Burnett gave a timely topic on "Vegetable Cookery". Helen Elmore gave a topic on "The Care of the Hands."

There were eight members, the sponsor, Mrs. J. B. Bennett; four visitors, Mrs. C. E. Williams, Mrs. A. T. Elmore, Mrs. R. N. Rogers, and Mrs. G. E Burnett and Miss Rettiger, present

The next meeting is with Margie Nokes, May 20.—Reporter.

Dorcas S. S. Class Of Kerens Baptist Church In Business Meeting

KERENS, May 14.—(Spl.)—The Dorcas Sunday School class of the First Baptist church met on Tuesday in the home of the teacher, Mrs. W. L. Bain for a business meeting of especial importance. Plans were made to raise the class standard and increase attendance before the "summer slump" begins.

The following were elected as officers of the splendid group of young married women, who heretofore have been designated as the Alathean class:

President, Mrs. Allen Paul; first vice president, Mrs. Dovie Washburn; second vice president Mrs. Van Speed; third vice president, Mrs. Bob Acker; secretary and treasurer, Mrs. Buddy Sessions; reporter, Mrs. Robert B. Ford.

Dismissal prayer was by Mrs. Bain, after which delicious ice box cookies were served with a refreshing drink.

NEWS FLASHES

"MUST AND CAN"

President Roosevelt says absolute command of the air "must and can be achieved" by the democracies!—This seems to reflect American sentiment far more accurately than the defeatist prophecies that come from Lindbergh and the Nazi sympathizers.

BLACK-DRAUGHT

DAIRYING INDUSTRY SUBJECT DISCUSSION BEFORE ROTARIANS

A comprehensive review of the dairying industry from national, state and local viewpoints by M. E. McMurray, manager of the Texas Dairy Products Associaiton of Fort Worth, featured the program at the weekly luncheon meeting of the Corsicana Rotary Club Wednesday noon at the Navarro hotel. President Ralph R. Brown presided.

In a statistical analysis of the dairying industry from a national standpoint, McMurray said that the total income of American farmers from milk and dairy products during 1939 amounted to $1,700,000,000.

Referring to the dairy business in Texas, he asserted that it is up to Texas farmers to find a way to produce milk and cream on a profitable basis. He spoke of the necessity of butter and cheese plants in the locality to make the enterprise profitable and asserted that once a plant is secured the business men and farmers should join together and make it a major source of revenue.

Income from dairy products in Texas last year, he continued, amounted to $100,000,000. Over 2,000,000 jersey cattle are found in this state, he said, making it the greatest jersey breeding center in the world. But the breeding of jerseys has decreased drastically in the past two years until now it is difficult to find good jersey cows here, he added. McMurray expressed concern over the large increase in the number of white face dairy cattle in Texas, stating that it is completely ruining the dairy business. White-face dairy cows will not produce milk on a profitable basis, he said.

The speaker then spoke of the tremendous possibilities for a profitable dairying program in Navarro county. Citing statistics on the acreage of the county and the number of farms, he asserted that if only 10 cows could be placed on each of Navarro county's 5,607 farms, the annual income would run around $2,000,000.

Charles Willmann had charge of the program and introduced Mr. McMurray.

STRONG MAN MET A STRONGER AND WORLD'S HISTORY CHANGED*

Vast Consequences of Saul's Vision of Jesus on the Damascus Road—Hope For Our Own Day in Returning Interest of Religious Leaders to Gospel Essentials.

By WILLIAM T. ELLIS

News dispatches of late have reported riots and risings in Damascus. Therein this city, which claims to be the oldest in the world, is running to form. A few years ago I visited it amidst the Druze-French war, and nightly slept to the music of the big guns. The French devastated the center of the city. So beautiful is Damascus that the Moslems tell how Mohammed turned aside from it, lest he should be so enthralled that he would lose his taste for Paradise. Colonel Lawrence once said to me that he deemed the most delicious taste he had ever experienced was that of Damascus grapes, served in Lebanon snow. And I cannot forget the delectable "Mish-mish", or apricots, so abundant there.

With all of the city's unique historical claims, goings clear back to Abraham, travellers are nevertheless most interested to see the reported sites associated with the experience of Saul of Tarsus—the street called Straight; the house on the wall from which he was let down on a basket; the home of Ananias, and the spot on the road where he had his vision. To an intelligent visitor these "sights." seem trivial and unimportant, when contrasted with the profound spiritual experience of a strong man whose conversation here was a major landmark in Christian history. What happens inside a person is always more important than the events that surround it or flow from it. Saul's conversion affected the course of human history.

A man Going Somewhere.

As I view the countless loafers in life, the wayside sitters, the chronic idlers, I wonder what even the grace of God can do with them. It is the man who is going somewhere even in the wrong direction, who may be led to go somewhere else. This Saul, who from a narrow, fanatical, Jerusalem zealot was turned into the largest figure in Christian history, was from the first an active personality. He had guarded the clothes of the men who stoned Stephen, the first Christian martyr. While other orthodox Pharisees were content to sit in council, criticising and condemning the new cult of Christ, Saul had to be busy doing something about it. So, armed with official credentials, he set out for Damascus, where a nest of Christians had gathered, to break them up and arrest them. Fiery bigotry winged his steps as, with a convoy of attendants, he made his vengeful way toward Damascus.

Though he knew it not, this zeal of Saul was a part of the unique equipment which Jesus coveted for the extension of His Kingdom. It was like the fine engine which makes efficient all the other parts of an automobile. Saul had learning; he was a scholar equipped to out-reason Jewish ecclesiastics and Greek philosophers; he was a Roman citizen, free of the Empire; he was a pharisee, with entry into Jewish circles everywhere; he was a skilled ten-maker, at home with the fellowship of workingmen; he was probably an inheritor of wealth, and at ease in highest society. Small wonder that God chose him as an instrument for world pioneering. a mortal may possess which may not be consecrated to the service of Christ.

An "Intellectual's" Transformation

Right here we come to a remarkable fact, fraught with profoundest implications. This man Saul, an "intellectual" if ever there was one, came to a complete "right-about-face" in his beliefs and practices, not by the uncovering of new truths, but by a great emotional experience, such as turns the poor derelict in the rescue mission into new, clean ways of life. A personal contact with the risen Savior, a blazing vision of spiritual verity, made Saul completely over in an instant.

There is, of course, a piece in religion for philosophy, and for all possible learning. But there is a greater place* for that personal, emotional experience called conversion. For a generation the Church has been sidetracked into intellectual liberalism, the switch having been thrown by German critics. The futility which has religious activity, has enfeebled the Church beyond measure.

Now the tide has turned and leading "liberals" have formed a veritable procession to the mourner's bench, confessing the reality of sin and the need of the cross of the Savior. Dr. Reinhold Niebuhr's latest book—a complete renunciation of his former "liberalism"—is hailed as a landmark of modern religious history. There is a sudden and widespread turning to the old truths which changed Saul of Tarsus into Paul the missionary. For this hour's emergent need we find the old-fashioned Gospel reappearing in power. The world today is on the Damascus Road.

A Master Motive.

This story of Saul's conversion at Damascus is timely reading for today. We are all looking for a "way out" for the world. Our eyes and ears are weared by the ceaseless discussion of modern conceptions of life—totaliarianism, democracy, socialism, and countless variations. We almost despair of changing the world's minds into rational, peaceful and brotherly ways. And without changing of mankind's mind there can be neither peace nor prosperity for the race.

Then we look upon the dramatic scene on that historic day outside the walls of an ancient day outside the walls of an ancient city, when a strong-minded man, full of bitterness and hatred, as intense a partisian as any Nazi, was suddenly revolutionalized to the deepest depth of his being. All was done by a vision of the crucified and risen Christ. There are no hearts so stony, no wills so strong, that an understanding of the Savior cannot change them.

So Christendom's supreme problem and task is that of presenting Jesus Christ as the one adequate answer to our world's need. Nations may crash and social systems perish. but that matters nothing if only the people come into discipleship to the Master of life. The Jesus-way fulfils all the hopes of the race, and ends all the clashes and strife. Christ transcends all barriers of color, clime, race and blood. So, with an urgency that passes the power of words, every Christian is constrained to cry aloud, to every last person he may by any means reach, "Meet Jesus Christ, whom Saul met on the Damascus Road. In Him is power to make all of life new."

*The Sunday School Lesson for May 18 is, "Broadening Christian Horisons: Saul's Conversion."Acts 9:1—31.

SEVEN SENTENCE SERMONS.

No nation can be destroyed while it possesses a good home life.
—J. G. Holland.

If honor be your clothing, the suit will last a lifetime; but if clothing be your honor, it will soon be worn threadbare.
—William Arnot.

If Jesus Christ is a man,
And only a man, I say
That of all mankind I will cleave to Him,
And to Him I will cleave alway.
—Richard Watson Gilder.

Life is a casket, not precious in itself, but valuable in proportion to what fortune or virtue has placed within it.—Landor.

It is good for me that I have been afflicted, that I might learn Thy statutes.—Psalm 119:71.

If Jesus Christ is a God,
And the only God, I swear,
I will follow Him through heaven and hell,
The earth, and the sea, and the air.
—Richard Watson Gilder.

It is safer to trust your eyes than your ears when a man argues religion while his wife carries in the water.—Ram's Horn.

Draft Registrants Face Punishment If Boards Not Posted

AUSTIN, May 14.—(AP)—Local draft boards today studied a reminder from General J. Watt Page, state selective service director, that registrants who failed to notify boards of changes in addresses faced severe penalties.

Any registrant who failed to keep his local board informed of his address was liable to "imprisonment for not more than five years or a fine of not more than $10,000, or both such fine and imprisonment," Page said.

He added that most cases of delinquency were due to ignorance of the law or carlessness.

TEXAS WHEAT CROP FAR ABOVE NORMAL TEN-YEAR AVERAGE

AUSTIN, May 13.—(AP)—A 1941 Texas wheat crop of 47,614,000 bushels, 52 per cent above the 1930-1939 average, was predicted today by the agricultural marketing service.

The indicated production was exceeded only by the 67,983,000 bushels in the record year of 1931, the United States department of agriculture's agency said.

The Texas acreage sown in the Fall of 1940 was 4,360,000 acres, of which about 22 per cent was abandoned. The indicated yield was 14 bushels, compared with 10.3 in 1940 and the 10-year average of 9.6 bushels per harvested acre, the survey showed.

Following severe wind damage in February and early March, soil and weather conditions were almost ideal in the chief wheat area of northwestern Texas.

Oats were reported at 81 per cent of normal in condition, compared with 64 per cent for both the 1940 crop and the 10-year average on May 1.

Tame hay made better than average progress thus far this season and the condition on May 1 was 78 per cent of normal, compared with 71 per cent a year before and the 1930-1939 average of 68 per cent.

Early potatoes showed better prospects in most areas than last year, despite being ready for harvest later than usual.

Conditions were favorable for Texas citrus crops, the marketing service said. The bloom for both oranges and grapefruit was good and the set of fruit heavy, but the new crop was reported to be dropping considerably.

Ranges were approaching an excellent condition and were furnishing full maintenance in all districts. Moisture was plentiful to excessive.

Cattle responded to favorable conditions, the service said, and were carrying above average flesh. Sheep were in unusually good condition.

Vice President Of SMU Spoke Sunday To Kerens Graduates

KERENS, May 13.—(AP)—Dr. Eugene B. Hawk, administrative vice president of S. M. U., was guest speaker at the First Methodist church here Sunday evening in a service dedicated to members of the Kerens high school graduating class, the Kerens faculty and members of the board of education.

Especial reservations were made for the honor guests and a crowd which filled the church auditorium, enjoyed the privilege of hearing the distinguished speaker.

Immediately after the service a reception was tendered at the nearby parsonage, with Mrs. C. C. Sessions, Mrs. J. B. Coates, Mrs. E. H. Gray, Mrs. W. D. Talley, Miss Betty Talley, Mrs. R. D. Mabry and Miss Christine Crowley, hostesses, representing the church.

Miss Crowley, who is a member of the senior class introduced the others and saw that all were served in the flower adorned dining room, where the table, a picture of beauty in white and green, the class's chosen colors, held a huge crystal bowl, floral arrangements and tall burning tapers.

Daintily embossed cake squares were served with the punch and the 1941 graduates had added another pleasant occasion to their treasure house of memories of graduation.

BONDS OF LEVEE DISTRICT NO. 6 ARE CANCELLED TODAY

A total of $88,000 bonds of Navarro County Levee Improvement District No. 6 were cancelled Tuesday at the county auditor's office, leaving only $4,000 outstanding bonds of that district, and officials stated these were out of date and worthless.

The commissioners' court several weeks ago authorized the cancellation of the bonds when an order was presented by the bondholders and landowners within the district requesting such action be taken.

The district is located along Chambers creek in the northern section of Navarro county.

PAYMENT TEACHER RETIREMENT FUNDS START SEPTEMBER 1

IMMEDIATE PAYMENT BY STATE OF PART OF PENSION FUND IS PROVIDED FOR

AUSTIN, May 14.—(AP)—Under a bill passed by the House at a long session last night payment of teacher retirement benefits would begin next Sept. 1.

The bill provided for immediate payment of part of the teacher retirement revenue from a recently-enacted omnibus tax bill into the pension fund that the law might go into effect.

Remainder due the fund from the state to match that already paid in by the teachers would be amortized over a period of years until the state's contribution equalled that made by the teachers.

Also passed was a House bill authorizing Galveston to construct a toll tunnel to replace the present toll ferry, under the ship channel from Galveston to the Bolivar Peninsula.

The county would be authorized to issue revenue bonds to build the tunnel, the bonds to be payable solely from revenues to be derived from tolls.

The House passed a Senate bill extending the sovereignty of the state twenty-seven miles into the Gulf of Mexico to include oil and gas produced in that area. The bill now goes to the governor for his signature.

A Senate bill was passed extending oil and gas mineral leases granted by the state on submerged coastal areas or in the Gulf of Mexico in cases in which the war department refused to grant permission to drill.

Two New Dormitories.

Approved was a bill authorizing the board of directors of A. and M. College to build two dormitories for John Tarleton Agricultural College.

A proposal to permit estates of deceased Texans to take advantage of savings in federal income taxes, authorized by the internal revenue code, also won House approval.

Other House bills passed would:

Provide for installment payment of delinquent taxes to county tax collector-assessors.

Require that stop-payment notices on checks be renewed to banks every ninety days.

Repeal a compact between Texas and New Mexico for sharing waters of the Pecos River, since New Mexico failed to enact its part of the compact.

Amend election laws to require that contested elections must be reviewed in court, instead of by the county executive committee.

Change laws limiting delinquent tax suits in 1935 so as to apply to all years, particularly for Rio Grande Valley water control districts.

Authorize the commissioners' court of Menard County to call an election for the purpose of issuing bonds to acquire land and construct buildings for an agricultural experiment station which would be operated by the federal government.

Authorize counties of 100,000 or more population to issue bonds to refund outstanding indebtedness of the county chargeable against the general fund which existed on April 30, 1941.

Validate ad valorem tax levies in cities in Wise, Childress, Parker and Denton Counties.

Other Legislation.

Authorize the board of regents of teachers' colleges to buy insurance on non-fireproof buildings and equipment.

Give the teachers' college regents the power of eminent domain to acquire land.

Make it unlawful to trap fur bearing animals in San Augustine and Sabine Counties.

Permit compensation of Jefferson County treasurer for acting as treasurer of navigation district.

Other Senate bills passed by the the House would:

Fix pay of the Travis County juvenile board.

Authorize cities to issue interest-bearing time warrants for completion of water works extensions and improvements (midland).

Permit insurance companies doing business in Texas to invest their funds in solvent Texas corporations.

Re-establish jurisdiction of the county court of Navarro County.

PLAN TO CALL ROAD BOND ELECTION; FOOD STAMPS APPROVED

COUNTY COMMISSIONERS AUTHORIZE HIRING ATTORNEYS PREPARE ORDERS

Navarro County commissioners court Tuesday afternoon authorized the hiring of attorneys to prepare bond election orders, etc., for the submission to the electorate the question whether bonds in the sum of $300,000 be issued in a lateral road program, and also authorized the borrowing of $7,500 for the food stamp plan revolving fund.

J. N. Edens, president of the First National Bank; John C. Calhoun, mayor of Corsicana, and R. W. Knight, manager of the Corsicana Chamber of Commerce, met with the commissioners.

Borrow Funds.

E. D. McCormick and E. Y. Cunningham, county judge and auditor, respectively, were authorized on motion of Commissioner Gillen, seconded by Commissioner Taylor, to borrow the necessary funds for the inauguration of the food stamp plan in Navarro County. The arrangements were made with the First National Bank. This action was taken after Mayor Calhoun had advised the court that the City of Corsicana could not put up approximately $2,500 sought. Judge McCormick said the food stamp plan was scheduled to be started in Navarro County Saturday. The $7,500 for the stamps was forwarded to Dallas Tuesday afternoon.

After considerable discussion with reference to various phases and conditions incident to the proposed "farm-to-market" road program, including the presentation of a number of petitions following a mass-meeting when this procedure was adopted instead of the original road warrant proposition, a motion was made by Commissioner Taylor, seconded by Commissioner Fitzgerald, was unanimously passed authorizing the county judge and county auditor to hire attorneys, subject to the approval of the court, to prepare bond election orders, and other necessary papers incident to the calling of the election.

Sponsors Part.

The court plans to use the $300,000 if it is carried, as the sponsors part in a county-wide WPA lateral road construction program. The revenues obtained are to be divided equally between the four commissioners' precincts, it was determined earlier in the program.

On motion of Commissioner Gillen, seconded by Commissioner Taylor, it was voted to close the offices and departments at the courthouse, except the law enforcement agencies, each Saturday at noon during the months of June, July and August.

Some discussion was held on a difference in the premiums of surety bonds for the food stampofficers, and the matter was deferred.

The court recessed until Thursday morning.

Following is the financial statement of the various Navarro County funds are issued by County Auditor Cunningham.

ANNUAL BARBECUE OF MAGNOLIA SALES FORCE HELD HERE

The annual barbecue for employes of the Magnolia Petroleum Company in the sales division of the Waco district was held Wednesday at Red Horse Lake in Corsicana with preparations made for some five hundred men.

Those in attendance included employes in the district office, a number from the home office in Dallas and the district office in Fort Worth, in addition to all agents, dealers and distributors in a number of Central Texas counties.

All kinds of sports ranging from dominoes to fly and bait casting competition had been arranged.

Farm Work Delayed Eastern Half State During Past Week

AUSTIN, May 14.—(AP)—Wet fields in the eastern half of the state delayed planting and cultivating of crops during the past week while farmers in the western half faced almost ideal crop conditions.

Observers of the U. S. department of agriculture reported today that because of heavy rains at the beginning of the week little work could be done toward planting corn, grain sorghums and peanuts.

The season for corn planting being very late in north and east Texas, it was said that some of the intended acreage may be shifted to grain sorghums.

Little cotton was planted during the week, and much previously planted must be replanted because of damage by heavy rains.

Wheat was reported making rapid progress. Early sown fields varied from the dough stage in North Texas to "in the boot" stage in the northern panhandle. Later seedings developed under almost perfect conditions.

Engagement Announced.

KERENS, May 14.—(Spl.)—Announcement of the engagement and approaching marriage of Miss Doris Talley of Joaquin, Texas, to William (Billy) Everheart of New Orleans, La., son of Rev. and Mrs. Joe N. Everheart of Kerens. The wedding will take place at the Everheart home in Kerens, June 3rd, at 10 o'clock in the morning.

FUNERAL SERVICES MRS. MARY GROOMS HELD LATE TUESDAY

Funeral services for Mrs. Mary E. Grooms, aged 76 years, who died early Tuesday morning, were held Tuesday afternoon at 4:30 o'clock from the Corley Chapel. Burial was in the Lone Oak cemetery. The rites were conducted by Revs. Jack and S. R. Goff, Baptist ministers. Mrs. Grooms had resided in Corsicana for the past 25 years.

Surviving are two sons, Ernest Grooms, Groesbeck, and Willie M. Grooms, Pineville, Mo.; four daughters, Mrs. George T. Brown and Mrs. C. J. Nelson, both of Corsicana; Mrs. Alexander Angerstein, Victoria, and Mrs. Elmo Willimas, Murchison; 23 grandchildren and 14 great-grandchildren.

Pallbearers were Clem Weaver, L. D. Ransom, P. H. Geraughty, M. A. Tekell, Wm E. Lee and Nath Crouch.

TWENTY-SIX MEN TO BE INDUCTED ARMY SERVICE NEXT WEEK

Twenty-six Navarro countians are scheduled to report in Corsicana next week for transshipment to Houston where they will be inducted for a year of military training, according to Selective Service Board officials.

Twelve negroes, eight from Board One, and four from Board Two are to report at 7:45 a. m. next Tuesday, May 20. They include:

Board One: Robert Carl Watson, Sam Brown, James Russell McDonald, Len Brown, Flint Roy Jackson, and Willie D. Raven of Corsicana; Vernon Johnson of Angus, and Johnnie Lee Gray of Fort Worth. Five of the eight are volunteers.

Board Two: J. W. Mitchell of Dawson, Robert Lee Smith, Richard Hillery, and James Harris, all of Kerens. All are volunteers.

The white group, seven from each board, is scheduled to report in Corsicana at 8 o'clock Thursday morning, May 22, and include:

Board One: John William Bays, Jr., Corsicana; Leonard Franklin Hughes, Route 2; David Woodrow Wilson, Route 5; Wesley Eugene King, Corsicana; Claude Thomas Shaw, Route 2; James Otis Blackmon, Corsicana. The first four are volunteers.

Board Two: All volunteers: Oscar Gordon Davidson, Frost; William Kimbro Garrett, Roane; George Clifford Henthorn, Frost; Dan Akers Davis, Dawson; Marvin Ludell Poe, Richland; Coburn Chester Knight, Richland, and Oliver Brather Hancock, Corsicana.

HONOR LOCAL MASONS IN DISTRICT MEETING HERE MONDAY NIGHT

THIRTY-EIGHT LODGES REPRESENTED BY SOME 200 IN ATTENDANCE

Some two hundred members of the fraternity from Navarro and adjoining counties attended the Masonic meeting for District 110 honoring all past masters in the Corsicana lodge hall Monday night with Past Grand Master Mike H. Thomas and Grand Junior Warden Claude L. Austin as the principal speakers.

A grand lodge veteran's button was presented to J. S. Callicutt for his more than 50 years of membership. He was master of the Corsicana lodge in 1893. A life certificate on work was presented W. B. Baker for having held authority to teach the rites for 25 consecutive years, and again making Corsicana lodge the only one in Texas having three holders of such certificates.

Served Banquet.

Beginning at 6:30 Monday evening. Vititors and local members were served a banquet in buffet style in the reading rooms on the second floor of thelodge building, and at 8 o'clock a lodge session was opened by F. L. Leathers, worshipful master, and was then succeeded by Emmett Hall as master of ceremonies. Announcement was made of a meeting at Oak Cliff lodge on Saturday night of this week, honoring Mr. Austin, one at Kilgore on May 23, honoring Grand Master Sam B. Cantey, Jr., and a similar one at Waco on May 30. A letter of regret was read from Rogers Kelley of Edinburg, grand junior warden.

Representatives of various lodges were then introduced and the 48 past masters in attendance applauded. It was later announced 38 lodgers were represented, including Dawson, Kerens, Blooming Grove, Rice, Frost, Richland, Winkler, Barry, Eureka, Teague, Wortham, Mexia, Mertens, Tennessee Colony, Corsicana, El Paso, Gatesville, Dallas, Casper, Wyo., and others.

Grand Junior Warden Austin was then presented and in awarding the certificate to W. B. Baker, pointed out the memento was not a gift, but had been earned by a quarter of a century of continuous work. He recalled the triple presentation of certificates in Corsicana in 1937 and stated the local lodge again was the only one possessing the honor of three life instructors. In his response, Mr. Baker expressed a desire to devote another similar period of service to the craft.

Judge Callicutt Honored.

Mike H. Thomas of Dallas, grand master of the Grand Lodge of Texas in 1922-23, was then presented and awarded a veteran's button to Mr. Callicutt. In making the award the speaker pointed out Masonry was the first target always of dictators and world destroyers, and listed a number of the privileges and responsibilities of members of the fraternity. He insisted that Masonry was not a religious but a custodian of religion.

In accepting the medallion, Mr. Callicutt pointed to the universality of the fraternity a half century ago and noted numerous changes in conditions, insisting that all men who opposed free speech and the exercise af individual rights were enemies of Masonry, and predicted a revitalized and active fraternity would be a great element in the eventual return to normalcy. He also traced much of the Masonic history of Navarro county and the parts various members and lodges had played.

Tribute to Local Masons.

Mr. Austin was then presented as the official representative of Grand Master Cantey, who was reported confined to his bed in Fort Worth. After paying tribute to the late Sam J. Helm, W. M. Huff and other local leaders, the speaker depicted early day Texas Masons such as Dr. Anson Jones, as optimists who were capable of converting the cold water thrown on their ambitions into steam for further progress through fire of their spirits and determination. He declared there could be no romantic tomorrows without many historic yesterdays, and the present program of Masonic work had been long planned resulting in increased memberships and greater activity.

Continuing, the speaker said there was an urgent need for Masons in all sections to become better acquainted, suggested it might be profitabel to read the grand lodge monthly magazine, insisted proper attention be given to the payment of annual dues and indifferent members; he insisted every ladge should vigorously maintain the highest standards of the order in its work and membership.

In closing, Mr. Austin said the world accepted the theory of the fraternal tenets but rejected them in practice and urged Masons to set proper examples at all times.

Major H. G. James of the Salvation Army, and the Rev. Finis Hodges of the Cumberland Presbyterian church, were introduced and made short addresses.

Activities Report NYA Resident Center

Group II of the Corsicana NYA Resident Center has completed another successful two weeks in residence. Geraldine Lewis efficiently served as house manager with Jean York as her assistant. We welcomed a new girl, Mary Nell Denn, of Blooming Grove.

Our work this two weeks centered around the improvement of our home. We had our living room, dining room, and halls papered while we papered two bath rooms, the shower room, hopper room, and one bedroom. The county furnished the labor for the papering of our living and dining room while we paid for the other improvement out of our house funds. We repainted several chairs and other pieces of furniture. All of the wook work in the entire house was washed; all curtains and slip covers, laundered, and all floors, cleaned and polished.

Other educational activities have been quite interesting. Thirteen of our group have completed the Standard Red Cross First Aid Course under the direction of Mrs. Matt Sandwich. Four educational films were presented by Eugene Barwick, visual education instructor. These pictures included "Infant Behavior," "Cowboy Folk Songe," on April 28, and "Art" and "The Star Spangled Banner" on May 5. We made an interesting and educational field trip to the WPA colored day nursery on April 28 when they held open house. Our area health nurse, Miss Virginia Beal, held two interesting discussions on "Body Cleanliness" and "Underweight and Overweight."

We have received several lovely gifts for our home. Joe Wolens presented us with a floor lamp while J. L. Collins gave us 25 iced tea glasses. The NYA boys Woodwork shop in Palestine made several beautiful and useful pieces of furniture which were transfered to us. These included four dressing tables, a bock case, filing cabinet, china closet, and a new sign for our front yard.

Our recreation included volley ball and swimming at the YMCA on Mondays and Thursdays. We attended the singing at the court house on Friday evenings. Clara Jane Phillips went to a home-coming in Blooming Grove and Frances J. Rountree attended the Parent's Day Program at John Tarleton College, Stephenville, on May 4.

Our visitors for this two weeks included G. S. McCasland, counsellor; E. G. Black, shop supervisor, Palestine; Mrs. Nell D. Donohue and Mrs. McClain from the vocational division of the state department of education.

We made many plans and preparations for the open house on May 11.—Reporter, Earl Dai Brim.

Hog Prices Advanced Again on Thursday

CHICAGO, May 15.—(AP)—Hog prices advanced for the fourth successive day this week, moving up to a new top for the year at $9.20 a hundred pounds, on the livestock market today. Most sales were made between $8.85 and $9.10.

Today's top was the highest price paid for swine since September 7, 1939, when a top of $9.25 was reached. Livestock men attributed advancing prices to the strength in dressed pork market, which is receiving government support.

CORSICANA, TEX., MAY 16, 1941

CITIZENSHIP DAY

Fortunately our blessings as American citizens are brightened in our eyes today, and it ought to mean that they will not be allowed to grow dim.

One blessing, the right to vote, is newly emphasized in many ways. Chief Justice Marvin B. Rosenbery of the Wisconsin Supreme Court has written of this:

"There are today in the world literally millions of people who would give everything they possess, be it great or small, for the privilege of calling themselves American citizens. We should seek by all proper means to conserve and capitalize the interest and enthusiasm of the young voter. The young citizen should be impressed with the fact that his discisions (by ballot) are of importance; that they do affect the future of the state and nation."

Many civic leaders in many cities feel this keenly today. It is for that reason that observance of Citizenship Day, May 18, is producing local plans for special and dignified recognition of the new voters, the young men and women of America who will have reached their 21st year by fall. Their coming of age will be important to them and to the country as they accept their responsibility for constructive, intelligent citizenship and share in the democratic process.

AIR POWER.

The American public, while ready to admit its lack of expert knowledge about such matters, is glad to see the Air Corps set free. Or at least, given much larger liberty of action in our national defense than it has ever had.

It has long been a sort of fighting captive to the army and navy, largely under the direction of officers lacking any direct knowledge of flying. Thus it has lacked unity and normal development, in comparison with the "air arm" of other nations of our class. It is sad that Billy Mitchell, who fought so hard for air expansion, could not have seen this day.

The Air Corps, it may now be assumed, will be rapidly brought up to something like the independent expansion and power of the leading air forces in other countries comparable with ours. And with the immense production of planes on the government program, in another year it may match or surpass even Germany's air arm.

Not only that, but we may be seeing the emergence of the war plane as the primary weapon of modern warfare. Things seem to be moving rapidly in that direction.

Millions of Americans who remember the crude experiments of Wilbur and Orville Wright with their box kites may live to see the offspring of these kites giving their country full mastery of the air.

Times change, and we change with them, as the old song says, and we don't know whether it's for better or worse.

They say John Bull always "loses every battle except the last one," and the question now is, how close he is to that terminal.

"The Nazis are beginning to think," reports an American observer. And it must be an awful strain. Nazism is a refuge from thought.

JUST FOLKS

(Copyright. 1937. Edgar A. Guest)

THE BEST TEACHER.

Old Failure is a teacher with no
nonsense in his school,
No time has he to dally with the
playboy or the fool.
He keeps his pupils toiling till
they get their lessons learned,
And he tells them skill and
knowledge are two girts that
must be earned.

Old failure pampers no one and
there's no one he prefers.
His discipline's impartial when
some carelessness occurs.
The penalty's exacted from whoever
it may be,
But he always rises wiser who is
taught at Failure's knee.

By trial and by error and by effort
down the years
Men are tested for their courage
and by bitter doubts and
fears.
For real conquests aren't permitted
to the faint of heart and
frail,
But are held for men of vision
who are not afraid to fail.

The price of growth is struggle:
true success is bought with
pain.
Who seeks ultimate achievement
finds it difficult to gain,
And who'd shape a better method
than is known on earth today
Must have endless pluck and patience
and through failure
learn the way.

HUMANE SOLDIERS

When you consider that killing those who are designated by their government as enemies is the main job of a soldier, it is surprising how much humanity you find in armies. And generally speaking, it is doubtful whether soldiers hate the men they are fighting—except in moments of actual combat—as much as civilians do.

By civilians it seems to be considered a patriotic duty to hate the enemy. Soldiers, who know from experience what their antagonists are up against, can be generous in their thoughts, at least. And while this may be a disputable notion, we feel that American and British soldiers are generally more humane than other breeds. In going out on this particular military limb, we must also acknowledge the generosity that Greek soldiers often practiced toward their enemies, especially the Italians, in the war now so tragically ended.

A good British example appears in the news story of two Australian soldiers who, cut off in rear-guard demolition work during the sweep of the German-Italian troops eastward in North Africa, finally reached Tobruk after 16 torturous days of staggering eastward for 300 miles, with bleeding feet, usually without food or drink, to rejoin their retreating army. For some distance of that terrible journey they dragged and carried with them a wounded German flyer who had been shot down in the desert.

Pre-Hitler Germans might have done that for an enemy. Would Nazi soldiers? We doubt it.

A STRANGE MAN

Charles Augustus Lindbergh is a strange phenomenon. And it may be no accident that he comes to the top of American internal controversy in this confused time.

When you merely look at the Colonel's public record, it seems absurd to suppose there is anything really dangerous about him. In his recent activities he has seemed to most Americans, perhaps, strangely out of his normal element. He has been known as an aviator and an aviation expert, and has served his country well in that capacity. He has never held any public office except the semi-military position of air adviser. He has never run for any. He is one of the last men that the American public would be likely to think of as a statesman, in any sense of the word.

Yet some important Americans have insisted that Lindbergh has strong and high ambitions, that he aspires to great power, that he has influential backers and might become the front of an "authoritarian" movement in this country.

That is hardly credible. But everything considered, perhaps the wisest attitude toward Lindbergh is one of silence.

Norman Thomas says capitalism is gone; and yet there seems to be quite a lot of capital sloshing around.

BOARD OF DIRECTORS CHAMBER COMMERCE IN REGULAR MEETING

A variety of items were presented to members of the board of directors of the Corsicana Chamber of Commerce at their regular meeting held Tuesday morning for consideration including road and highway matters, civic affairs and similar subjects.

President Joe. E. Butler called the meeting to order and minutes of the last session were read and approved. The board then unanimously adopted a resolution extending a vote of thanks and appreciation to General Chairman Fred H. Harvey, Jr., his committee chairmen and members for the successful entertainment of the annual convention of the East Texas Chamber of Commerce recently.

A communication was read from Frost school officials asking for a guide for a tour of points of interest later this week and it was recommended Manager R. W. Knight contact officials of the public and county schools and make necessary arrangements.

Dairy Committee.

Under the head of dairy committee activities, Manager Knight reported work was still being pushed in regard to establishment of a cooling station or processing plant in Corsicana; he also stated a change in method of operation of the milk routes in the city had been effected and now the carriers of the various sectors took their milk directly to Mexia instead of transferring it all to one truck and some improvement had been noted.

It was also reported that some 800 milk cows had been added in Navarro County during the past eighteen months with a substantial increase in the volume of milk production resulting. Higher prices on butterfat are now being received, the directors were informed, and Olin Sydow, field representative, was given credit for doing exception work in the expansion of the program.

Wildflower Show.

N. Suttle Roberts announced plans had been perfected for the holding of a Wildflower Show in Corsicana in the Thompson building in the 200 block on North Beaton Street on May 23 and 24 under the auspices of the State Highway Department Beautification section, with the co-operation of local and state organizations, with the purpose of building a greater appreciation of the native flowers of this section of the state. The show would embrace the Ellis-Navarro County areas.

Chairman J. N. Edens of the highway committee indicated deeds for right-of-way had been prepared for the new location of Highway 31 west of Corsicana and it was tentatively indicated the new road would enter the city in the vicinity of West Seventh Avenue. It was also stated the completion of the gap in the two projects of the highway had been designated as the number one item in the final recommendations of retiring Division Engineer J. G. Rollins.

Road Improvements.

It was also reported that resurfacing of Highway 287 from the city limits to the vicinity of the Corsicana Air school had been started and would be rushed to completion. It was also brought out that an agreement had been reached for the improvement of highway 75 from Seventh avenue to the city limits had been reached by city officials, and might be extended to remedying of defects on Highway 31.

President Butler and the board also congratulated Mr. Edens on being made president of the East Texas Chamber of Commerce for the ensuing year and pledged their co-operation in every possible manner. Mr Edens reported the executive committee of the regional chamber would hold its first meeting in Corsicana at the country club on Wednesday.

Manager night reported on his attendance at the Colorado-to-Gulf Highway association meeting in Waxahachie over the week-end and pointed out a subsidiary outlet north of Corsicana was one of the organization's prime objectives, and stated he and members of the commissioners' court had pledged co-operation to the association. It was brought out in the discussion that followed that a gap in the Trinity River bottom south of Corsicana was also in need of immediate attention. Attention was also called to the change in division engineers recently and plans were initiated to have a conference with the new executive on the problems and plans of this immediate area.

Dairy Show Scheduled.

The directors were informed a one-day dairy show would be held at the fair grounds on May 27 and proper co-operation was urged.

A successful 4-H club rally was held in Corsicana last week according to the report received by the board and several members commented on the succesful and efficient work being done among the younger rural residents. Attention was called to the registered Hereford heifer and other prizes being offered at the fall show to the boys in a seven-county area.

The directors were informed a complete financial report of the entertainment of the East Texas Chamber of Commerce convention would be made at the next meeting.

The bond election for an extensive system of farm-to-market roads in Navarro county proposed by members of the commissioners' court came up for discussion and it was agreed the court should either proceed at once or abandon the project It also was urged the court employ suitable legal counsel for preparing the necessary documents. Chairman Edens of the highway committee, Mr. Roberts, Mayor John C. Calhoun, and Manager night were named as a special committee to meet with the court Tuesday afternoon and discuss progress.

Discussion of several potential industrial developments concluded the meeting.

Local Baseball Club Wants Sunday Games

Nathan Crouch, manager of the Dr. Pepper baseball club, Monday issued a challenge to any clubs within this immediate area for Sunday games, beginning next Sunday.

The local nine is the only baseball club in Navarro county at the present time, it was stated, and there is considerable difficulty in finding competition without traveling considerable distances. Baseball fans state this is the first time in history there has been only one baseball club in the county.

ETEX CHAMBER OF COMMERCE EXECUTIVE COMMITTEE MEETING

Members of the executive committee of the East Texas Chamber of Commerce were in session Tuesday at the Corsicana Country Club making plans for the budget and polices for the ensuing year for the regional organization.

J. N. Edens of Corsicana, new president, presided at the meeting which was also attended by John D. Rogers of Navasota, retiring president; the following regional vice presidents, J. A. McGill of Paris, Lacy H. Hunt of Nacogdoches, J. H. Nussbaum of Mexia, S. W. Henderson, Jr., of Henderson, and George G. Chance of Bryan; General Manager Hubert M. Harrison of Longview; F. H. Harvey, Jr., Joe E. Butler, and R. W. Knight of Corsicana.

Family Houseparty On Mothers Day By The Sam Parkers

Mr. and Mrs. Sam Parker entertained Sunday with a Mothers' Day family house party, honoring Mrs. Parker's parents, Mr. and Mrs J. R. Knotts of Angus, and it was their happy privilege to have four generations represented, Mrs. Knotts, her daughter, Mrs. Parker, Mrs. Parker's daughter, Mrs. C. V. Wilson of Richland, and her sons, James Edward and Glenn Earl.

Those present were Mr. and Mrs. Knotts of Angus, Mr. and Mrs. C. V. Williams and two sons of Richland; Mr. and Mrs. J. W. Davidson, Zion's Rest; Mr. and Mrs. Lloyd Knott and three daughters of Roane; Mr. and Mrs. Valton Parker and Lloyd and Samuel Parker of this city.

Bond Sales Heavy At Kerens Postoffice

KERENS, May 13.—(Spl.)—Sale of the new U. S. defense savings bonds and stamps has caused running the postoffice proper to assume the role of a side line, according to information released from the Kerens postoffice force.

In compliance with an application received prior to date of the opening sale, the first bond was issued to Whit Scarborough, with the first applicant on the morning of May 1 being W. S. Price, who bought bonds for each of his two grandsons.

We carry a complete line of Steel and Elastic Trusses. We guarantee to fit you or your money back.

BOY SCOUT CAMPOREE WILL OPEN FRIDAY AT LOCAL FAIR GROUNDS

Most of the troops in Navarro County are preparing for the district Boy Scout camporee which will open Friday evening at the Corsicana fair grounds. This is the second annual camporee held here and nearly two hundred Scouts and their leaders are expected to attend the camp.

Scouts will check in at camporee headquarters after school Friday and will be assigned camp sites where they will immediately prepare for the night's camp and cook their evening meal. An evening campfire for instruction and entertainment will be held at 8 p. m. to which the public is invited. The entire day Saturday will be spent in Scouting activities and intertroop competition and the event will close with another mass campfire in the evening.

Many Corsicana Scouts are planning to attend Camp Wisdom, our council camp near Duncanville, this summer. Troop 240 under the leadership of W. R. Balcom, scoutmaster, and Troop 243 with Scoutmaster Guy Henry have made reservations for camp for the week of June 22. Other troops are setting dates and other reservations are expected soon. Camp Wisdom opens Sunday, June 8, for ten consecutive weeks of Scout camping. Our local scout executive will be in camp for the week opening June 22.

NEWTON W. TAYLOR DIED IN HOSPITAL TUESDAY NIGHT

Newton W. Taylor, aged 79 years, long-time resident of the Chatfield community, died at the P. and S. Hospital Tuesday night.

Funeral services were held Wednesday afternoon from the Chatfield Methodist Church with burial in the Chatfield cemetery. The rites were conducted by Rev. S. R. Standifer, Cumberland Presbyterian Church.

Surviving are four nephews, Parker Tarrer, Chatfield; William Little, Fort Worth; Oliver Little, Fort Worth, and Jimmy Little, Chatifeld; and five nieces, Mrs. Mildred Jordan and Mrs. Mary Brooks, both of Corsicana; Mrs. Rowe Guynes, Blessing; Mrs. Mable Patterson, Fort Worth, and Mrs. Clarence Helfner, Corsicana.

Corley Funeral Home directed arrangements

Buried at Frost.

WACO, May 14.—Funeral services for Mrs. Sara F. Haley, 68, 2608 Grim, who died Monday afternoon in a local hospital, were held here Tuesday afternoon at 2:30 o'clock with Rev. W. H. Coleman conducting the rites. Burial was in the Frost cemetery.

Two Kerens Men Celebrated Joint Birthdays Saturday

L. C. Thompson of the Kerens community had in his home Saturday evening, May 10, 1941, all his children, grandchildren and a few friends to enjoy with him and D. T. May a feast honoring them on their birthday. Mr. Thompson was 64 and Mr. May was 43.

The feast consisted of fried chicken, fried fish and all the nice things that combine to make a tasty and bounteous repast. The desert was vanila and banana ice cream prepared by Mrs. L. C. Thompson and Mrs. Dewey and Mrs. Dan May.

Those present were Mr. and Mrs. Dewey May and family, Mr. and Mrs. Dan May and family, Mr. and Mrs. F. King of Lamesa, Jim Farris of Rural Shade, Mr. and Mrs. N. H. Thompson and son of Tupelo, William Gerald Conger, Mrs. Floyd Penney and daughters, Joan and Doris Faye of Corsicana, and Mr. and Mrs. L. P. Thompson and children of Kerens.

Mr. Thompson was the recipient of some nice gifts. There were about 30 enjoyed the feast. A social hour was spent after the feast. All wished Mr. May and Mr. Thompson many more happy birthdays.—Contributed.

Kerens Pioneer Club Entertained For All Women's Clubs of City

KERENS, May 13.—(Spl.)—At the lovely home of Mrs. H. A. Quaite, the Kerens Pioneer Literary Club extended a charming courtesy to all the federated clubs of the city Friday afternoon when they entertained with a silver anniversary tea from 5:30 to 7.

Greeted by the home hostess guests were ushered into the living and reception rooms and thence to the dining room by a house party consisting of Mrs. G. H. Sanders, outgoing Pioneer president; Mrs. C. C. Cherry, Jr., who will be club president in 1941-1942; Mrs. E. H. Gray, Mrs. Wade Price, Mrs. Andrew Talley, Mrs. J. B. Coates, Mrs. A. B. Keen, Mrs. H. C. Barlow, Mrs. R. D. Mabry, Mrs. P. N. Stockton, Mrs. W. D. Talley, past presidents, all of whom wore beautiful afternoon gowns in pastel shades.

Flowers, so many and so varied, were used in the decorative scheme; words beggar a description of their beauty and the artistry of the arrangements.

In the dining room Pioneer colors of green and white, combined with the yellow of English daisies, made of the tea table a thing of beauty and a joy, if not forever, at least for a day, which will live long in the memory of each attendant.

The table was laid in green tulle with huge double bows caught with center clusters of daisies at each corner, while the three-tiered birthday cake which occupied a prominent place, was flanked on either side by long low arrangements of the chosen flowers used with yellow tapers.

The top tier of the cake, iced in white, held three small yellow candles, in memory of the three deceased past presidents, Mrs. Lucille Sherrill, Mrs. B. S. Brown, and Mrs. Russell Mabry.

The second tier was dedicated with a candle of each president of the club, while the large lower base commemorated 25th anniversary of the organization of Kerens' first literary club.

Mrs. Joe Sheppard and Mrs. E. H. Gray, charter members, presided at the punch bowl, while other members of the house party assisted with the serving of dainty white cake squares.

Before departure most of the guests enjoyed a pilgrimage through the beautiful garden of the Quaite home, which was never lovelier.

Several Mothers Honored at Dinner On Sunday, May 11

A Mothers' Day dinner was given at the home of Mr. and Mrs. George Lambert Sunday, May 11 for all the mothers. There were eleven mothers present with a total of forty-six.

A fine dinner was served. Picnic style, outside on a large table. The dinner was delicious and enjoyed by all.

Those present were: Mrs. M. J. Lambert, Mr. and Mrs. George Lambert, and sons, Jack Kohus; Mr. and Mrs. Robert Harrison and girls; Mr. and Mrs. Bill Underhill and family, all of Blooming Grove; Mr. and Mrs. Ray Hardeman of Camp Bowie; Mr. and Mrs. Ernest Eddlemon and daughter, Mr. and Mrs. Doris Eddlemon and daughter, all of Barry; Mr. and Mrs. J. C. Eddlemon and son, Mr. and Mrs. Will York and son, Mr. and Mrs. Pete Priddy and daughter, all of Frost; Mr. and Mrs. Dock Lambert and family of Purdon; Mr. and Mrs. Sal Rohus and daughter, Mrs. Richard Keathley, all of Waxahachie.

Everyone had a nice time.—Contributed.

Navarro Clinic Held Its Annual Birthday Party on Monday

In annual observance of National Hospital Week, the Navarro Clinic held its birthday party Monday afternoon at the City Park, with Miss Nell Phillips, superintendent of nurses, in charge.

Several of the nurses, the office staff, and colored maids, and the doctors' wives, assisted Miss Phillips in entertaining the tiny tots, numbering 112 in attendance, registering them, presenting favors dear to the heart of the little ones, and in serving orange juice to them and their parents, grandparents and other relatives present.

The Shelter House was arranged with tables decorated in spring garden flowers, and seats, and the lovely grounds of the park with its numerous play devices afforded much pleasure to the children.

The first baby to arrive in the clinic 13 years ago was Mary Lois Seale, daughter of Mr. and Mrs. Finis Seale. She was present, as were also two of the youngest babies, Sally Ann Marr, one month old baby of Mr. and Mrs. Elton Marr, and Richard Hall White, five weeks old son of Mr. and Mrs. Elmer White.

Mrs. Tessie Dickeson came out, as is her custom each year, and made pictures of the group.

Mrs. C. F. Penney Of Drane Honored On Mother's Day

A mothers day dinner honoring Mrs. C. F. Penney of Drane was given Sunday by her children at the home of Mr. and Mrs. Thurman Penney of Drane. They all brought filled baskets which filled the beautiful covered table to overflowing.

Those present included her husband of Drane, Mr. and Mrs. Rufus Penney of Kerens, Mr. and Mrs. C. G. Lewis and sons, Lonnie Earl, Marvin and Kenneth of Kerens; Mr. and Mrs. C. A. Colburn and son, Jimmy Wayne of Robstown; Mr. and Mrs. Curtis Penney and son, Derwood of Eureka; Mrs. J. A. Penney and daughter, Auralia, of Eureka; Mrs. Pearl Harris and two children, Delbert and Faye of Corsicana; G. L. Williams and two children, Oscar and Betty Louise of Corsicana.

After dinner several pictures of different groups were taken. A good time was had by all, and in leaving everyone wished they would be able to be with their mother on next Mother's day.

—Reporter.

Open House Sunday At NYA Residence Center Is Success

Open house was held Sunday afternoon from 2 to 5 o'clock at the Navarro County NYA Residence Center, the same hours that the P. and S. Hospital, just across the street, was open to the public for inspection in observance of National Hospital Week, and it was the pleasure and privilege of Mrs. C. J. Colp, supervisor of the residence center, and her girls to co-operate with the hospital and serve the refreshments for the callers at both places.

This open house occasion was in the nature of a "homecoming" for quite a number of the girls, who have either married or found employment in other cities, and it was a happy occasion for them.

During the hours 230 guests registered in the guest book in the library, presided over by the girls, who also assisted in receiving with Mrs. Colp and Mrs. Ruth Yelvington, home economics teacher, and in acting as guides for the inspection of the residence and also at the hospital.

The reception suite was abloom with lovely flowers arranged by Mrs. Bell White, a member of the executive board, and Mrs. R. R. Range, two very close friends of Mrs. Colp and her girls, who are experts in the art of flower arrangement. A pink and white theme was carried out in the library with white and pink roses, poppies, honeysuckle and Queen Anns' lace, and the red roses were used in the libing room.

The guests inspected the work of the girls, which was displayed on tables and racks in the sewing room. One table displayed the attractive pillow cases and other kinds of needlework, and on the rack hung the dresses, slacks and other garments which they had made. On the other table was a display of bulletins and teaching material used in the residence center, while upstairs in the hull was a table of Red Cross bulletins and manuals that are also studied.

Many improvements have been made recently in the way of repapering the living room, dining room, the upper and lower halls and several bedrooms, and in furnishings, as the NYA boys in their workshop at Palestine have made three beds, four dressing tables, a book case, filing cabinet and desk for Mrs. Colp's office; a large glass cabinet for the kitchen, and a broom cabinet, all of which are very neat and attractive and perfect in workmanship.

Following the inspection of the rooms all were served punch and cookies in the dining room from a very attractively decorated table by the girls.

Trinidad Girl Weds San Antonio Man

KERENS, May 14.—(Spl.)—Mr. and Mrs. Jack P. Nicholson of Trinidad, have announced the marriage of their daughter, Queva Jane, to Tracy Brooks Evans, son of Mra. and Mrs. T. T. Evans, 314 West French Place, San Antonio. The wedding took place on April 27th at the home of friends in Wilmer, with the Rev. John R. Smallwood of Fort Worth, officiating.

Mrs. Evans is a former student of TSCW, Denton, and was a major and member of the select choir. Mr. Evans is district manager of a credit corporation in the Rio Grande Valley, and is a graduate of Tulane University. The couple will make their home in Harlingen.

The Nicholson family is well known in Kerens, as it was their home for many years, hence the above announcement will be of interest to their many friends.

Powell Woman's Society Christian Service Met Monday

The Powell Woman's Society of Christian Service met Monday, May 12 at the church in an all-day meeting with the following ladies attending: Mesdames Bill Wasson, Sylvian Stucker, Sol Ross, Henry Bunch, Cecil Johnston, Lee Greer, J. W. Greer, Ben Davis, Bob Lowe, Dub Ainsworth, Bealon Ware, N. S. White, Pat Cave, Alvin Simmons, Fanzel Fields, Milton Johnston and Miss Sue Ross.

Mrs. Wasson gave a study course on China in her interesting manner with maps and pictures to make the situation in China more understandable.

Several songs were sung during the day at different times.

Mrs. Sol Ross gave the devotional which was in line with our study course.

A prayer was read by Mrs. Cecil Johnston.

Mesdames Sylvian Stucker, Bealon Ware and Cecil Johnson entertained us after lunch with Chinese tricks, which proved to be too sly for most of us.

We all brought covered dishes. A menu consisting of ham, baked chicken with all its trimmings, barbecued chicken, corn, fresh peas, creamed potatoes, deviled eggs, several kinds of salads, breads, pickles, lemon and pineapple pie and cocoanut cake was served during the noon hour.

We decided to collect hens to help raise money to buy a new cook stove for the parsonage at Bazette. Any donations toward this cause will be appreciated.

Mrs. Bob Lowe dismissed us with a short prayer.—Reporter.

Miss Billie Crowley Honored With Formal Dance at Trinidad

Miss Billie Crowley was honored with a formal dance Saturday evening by her uncle and aunt, Mr. and Mrs. J. P. Nicholson, at their home in Trinidad.

Out-of-town guests among the thirty or more present, were Jack Wonzer and J. C. Moore and his girl friend, all of San Angelo.

The guests were received by Miss Crowley, her parents, Mr. and Mrs. Claude Crowley and the host and hostess, Mr. and Mrs. Nicholson.

A nickelodeon furnished music for the occasion and refreshments of assorted cookies and punch were enjoyed throughout the evening.

The table from which the refreshments were served was centered with pink rosebuds in a crystal bowl resting on a reflector.

Card of Thanks.

I wish to take this means of thanking my many friends for their kindness and sympathy during the illness and death of my husband, H. W. Williams. I also wish to thank all who sent the beautiful floral offerings. Let me assure you that your every act of kindness will never be forgotten and that they made my burden easier to bear.

MRS. H. W. WILLIAMS.

HESS

(Continued From Page One.)

the night seeking the premier Scottish peer presumably as a hoped-for go-between of the "peace" plan the Germans say Hess carried.

Hamilton Sees Hess.

It is understood that the 38-year-old airman-Duke met Hess on his way to a military hospital apparently after he received first-aid treatment at a field station and after Hess had asked for him. The duke, a squadron leader in the RAF, was on active duty when Hess landed. On instructions he flew to Glasgow, later to meet the unexpected prisoner.

Somewhere on the road to the hospital Hamilton and Hess renewed their old acquaintance, in the presence of representatives of the British Intelligence service and the foreign office.

A report of the interview (in which Hess presumably outlined his mission) was rushed to London and is expected to be the basis of Churchill's prospective statement, unless, of course, the prime minister has had personal contact with Hess.

The prize prisoner's hospital is now completely guarded against intrusions, it was reported today, with Scotland Yard operatives augmenting army regulars.

DR. JUDSON TAYLOR IS PRESIDENT-ELECT STATE MEDICAL BODY

DR. N. D. BUIE OF MARLIN BECOMES ASSOCIATION'S NEW ACTIVE PRESIDENT

FORT WORTH, May 15.—(AP)—Dr. Judson Taylor of Houston was nemed president-elect and Corpus Christi was chosen as next year's meeting place at the closing session of the house of delegates of the State Medical Association of Texas here today.

The veteran physician who has practiced general surgery for almost 40 years, will take office at the close of the 1942 convention. President for the ensuing year will be Dr. N. D. Buie, Marlin, who was so elected last year. He succeeds Dr. Preston Hunt, Texarkana.

Chosen vice presidents were Drs. Mitchell O. Gibson, Lufkin, and R. B. Touchstone, Lytle.

Selected as new councillors were Drs. F. J. L. Blasingame, Wharton, and Jared E. Clarke, Houston, with the following re-elected: Drs. W. E. Ryan, Midland; R. T. Wilson, Austin, and A. E. Sweatland, Lufkin.

Council and committee selections were: Medical refense, Dr. W. A. King, San Antonio; scientific work, Dr. Tom G. Glass, Marlin; medical economics, Dr. N. F. Starley, Galveston; legislation, Dr. H. W. Cummings, Hearne; collection and preservation of records, Dr. W. B. Russ, San Antonio; health problems in education, Dr. John W. Spies, Galveston; cancer, Dr. A. A. Ross, Jr., Lockhart, and postgraduate medical education, Dr. DeWitt Neighbors, Fort Worth.

Dates for the 1942 convention will be determined later by the executive committee.

FORT WORTH, May 15.—(AP)—Dr. Judson Taylor, of Houston, was named president-elect of the State Medical Association of Texas at the concluding session of the House of delegates today at Hotel Texas which ended the four-day convention.

Chosen vice presidents-elect were Drs. C. O. Terrell, of Fort Worth, Mitchell O. Gibson of Lufkin, and R. B. Touchstone, of Lytle.

Dr. N. D. Buie, of Marlin, president-elect in 1940, became the association's new active president with close of the delegates' meeting, succeeding Dr. Preston Hunt, of Texarkana.

At the same time Dr. Holman Taylor, of Fort Worth, began his thirty-second year as secretary-treasurer of the organization. He was elected to a two-year term last year.

The final general meeting of the association brought before the convention a summary of the most recent advances in the onward march of medical science.

Advances Listed.

Dr. W. S. Leathers of Vanderbilt University School of Medicine, Nashville, Tenn., last of four speakers at the session, detailed the following advances:

1. Increase in medical knowledge has extended the average expectancy of human life approximately fifteen years since the beginning of the twentieth century.

2. The most significant advances have been in the control of human disease. There are now less typhoid fever, dysentary, hookworm, diptheria and other respiratory infections. Such diseases as chlorea, bubonic plague, epidemic typhoids fever and yellow fever have been greatly decreased. The triumph of science over yellow fever is the most reassuring accomplishment in preventive medicine.

3. The strides which are being made in the control of syphilis and other venereal diseases are of tremendous importance to the nation's welfare. Particularly is this true in regard to the needs of national defense. Diagnosis and treatment of the disease is becoming more uniform, with eighteen states now requiring medical examinations as a prerequisite for license to marry and seventeen requiring that physicians make blood tests in accredited laboratories for all expectant mothers.

Children More Healthy.

4. The level of health of our children is being raised steadily. Approximately 50 per cent of infant deaths occur during the first month of life, but we now have learned how to prevent many of these fatalities. The 108,000 infant deaths in 1939 should be reduced 40 per cent in the next decade.

5. Our ideas of nutrition have been revolutionized, especially of the infant and growing child. Such conditions as scurvy, rickets and pellagra are being successfully prevented. The use of nicotinic acid for the cure of pellagra is one of the great discoveries of modern times.

6. Better trained physicians and other workers are advancing public health by leaps and bounds throughout the nation.

Field Office Manager Social Security Board Is Corsicana Visitor

J. Gordon James, manager of the Waco field office of the Social Security Board was in Corsicana Wednesday developing claims and survivors insurance and also calling on employers for missing account numbers not yet reported. The official stated Corsicana employers and those in surrounding towns had been very co-operative in aiding his staff to secure the missing numbers.

James is scheduled to visit Corsicana again on May 28 and may be found at the office of the Texas State Employment Service at 8:30 a. m.

Solution Tuesday's Puzzle.

HEALTH, BEAUTY AND POISE

HOW TO IMPROVE YOUR PERSONALITY

By VERONICA DENGEL

THE VERONICA DENGEL COLOR CHART.

I wonder how many of you could quickly tell me what are the three Primary colors—or the three Secondary colors—or the Six Intermediate colors? For your information and interest—I am giving you today my "Color Chart," with a brief explanation for each color group It may clarify some questions about basic colors—and give you something to think about.

Veronica Dengel

Color Chart.

The Primary colors are: Red; Yellow; and Blue. From these colors, in varying combinations and depth of tones or hues, are obtained every known color and shades of colors. By adding white to the true color, a lighter tint is obtained; and by adding black, a darker shade is obtained. For example: Varying values of the three Primary Colors are as follows:

Red—Crimson, scarlet, rose, pink.

Yellow—Sulphur, lemon, butter, pale yellow.

Blue—Navy, sapphire, dutch, baby blue.

The Secondary colors are: Orange; Green; and Purple. Orange is formed by a combination of Red and Yellow. Green is formed by a combination of Yellow and Blue. Purple is formed by a combination of Blue and Red.

Varying values of three Secondary Colors are as follows:

Orange—Mahogany brown, flame, peach.

Green—Bottle green, emerald, apple.

Purple—Royal purple, wood violet, orchid.

There are six Intermediate Colors which are made by combining a Primary and Secondary Color. These, with their varying values, are as follows:

Red-Orange — Henna, tomato, shrimp.

Yellow-Green—Light Olive, parrot, chartreuse.

Blue-Purple — Hyacinth Blue, plum, pale lilac.

Yellow-Orange — Tobacco, tan, cream.

Blue-Green—Peacock, Turquoise, pale blue-green.

Red-Purple—Egg plant, fuschia, phlox.

All requests for personal "Health Beauty and Poise" information desired by Veronica Dengel's column followers must be accompanied by a fully self-addressed, stamped envelope (s. a. s. e.) Address: Veronica Dengel in care of this newspaper.

News of County Home Demonstration Clubs

Emhouse 4-H Club

The Emhouse 4-H club met May 13 in its regular meeting. The progress being made in filling the clothing and garden goals were discussed. Each girl made a report on the progress she has made In selecting a girl to attend the A. and M. short course two girls, Martha Hamilton and Minnie Mable Johnson, tied. The girl fill- the most goals before the time of the Short Course will go to A. and M.

There were twenty members and the sponsor, Miss Janie Grantham, present.—Reporter.

Number Corsicana Boys Candidates Degrees A. and M.

COLLEGE STATION, May 15.—(Spl.)—A total of 809 students are candidates for degrees to be conferred at Texas A and M College Friday evening, June 6, according to an announcement made here this week by E. J. Howell, registrar of the college.

Of those a total of 768 are candidates for baccalaureate degrees, 36 for master of science degrees, four for professional engineer degrees and one for the degree of Doctor of Philosophy. Jesse Gerald Chaney, an assistant professor of mathematics at the college, and resident of Bryan, is the candidate for the Ph. D. degree.

Among the large list are the following Corsicana boys and the degree for which they are candidates: Master of Science in Chemical Engineering: S. W. Levine.

Bachelor of Science in Agricultural Administration: P. W. Levine; in agriculture, C. A. Rogers, Ralph Tatum, Jr.; in Science H .E. Ezell, and Wm. Clarkson III.

Bachelor of Science in Agriculture, R. L. Hobbs of Rice.

Birdston Memorial Association Met On Tuesday, May 13th

STREETMAN, May 15.—(Special).—The annual Birdston Cemetery Memorial Association, which meets on the first Tuesday in May, and was postponed on account of rain, was observed the second Tuesday, May 13.

Judge McCormick of Corsicana was the speaker, after which a picnic lunch was served.

A business session was held, electing all communities to serve a second term.

Among the out-of-town visitors were Mrs. Robert Kent and daughter, Mrs. Robert Davidson; Mrs. Kate Ellison, Mrs. Leonard Allman and baby daughter, of Corsicana; Mrs. Carrie Thompson and Mrs. Lynn Clark of Dallas; Mrs. Tom Meador of Wortham; Rev. and Mrs. Herbert McRissack and daughter, and Miss Bessie Jones of Fairfield, and others from Kirvin and Curry.

HIRING OF ATTORNEY FOR BOND ELECTION PLANS RATIFIED

OTHER MATTERS TAKEN CARE OF BY COMMISSIONERS IN RECESSED SESSION

A trade made by E. D. McCormick, county judge, and E. Y. Cunningham, county auditor, for Navarro County, with W. P. Dumas, Dallas bond attorney and authority for the road bond question, was ratified at a recessed meeting of the commissioners court Thursday afternoon. Judge McCormick reported to the commissioners Attorney Dumas had said the original petitions were not sufficient and he would prepare another one, draw the bond election petition, and other necessary legal work for $250 if the election fails to carry and if it carries, do everything necessary in a legal way for $500, including proof-reading of the road bonds. Judge Dumas has represented Navarro County in road bond matters and also the City of Corsicana. The motion approving the trade was made by Commissioner Slaughter and was seconded by Commissioner Taylor.

The bond of William Claude Absher as cashier for the food stamp plan in the sum of $5,000 was approved. Judge McCormick was authorized to approve a similar bond in the same amount for J. M. Tullos, issuance officer, with the same concern.

Bids will be received June 1 for the purpose or rent of new or used tractors, graders and maintainers, wheeltype scrapers (3 to 5 yards capacity) and dragline. The motion was made by Commissioner Slaughter, seconded by Taylor. All voted aye.

The court recessed until Saturday. Commissioner C. M. Fitzgerald was absent.

Pursley

PURSLEY, May 15.—(Spl.)—There was preaching Sunday at the Baptist church with a large attendance.

Miss Margaret Pursley was home over the week-end.

Mrs. Mae Owen had visitors from Waco Sunday: Mrs. Nelson, Mrs. Stockton, and children.

Grain Season Is Here Again

We always plead with you to get ready for the harvest for there is always such a rush for machinery and parts when it begins. We now have on hand one used ten-foot power binder—in the best of condition, ready for you. Also one eight and two seven-foot binders. A full stock of parts and twine.

This year we purchased a half carload of twine and in doing so we can make you a better price than usual.

Remember, that there is nothing made better than McCormick-Deering twine. It ties more bundles per ball and has no thick and thin places to give trouble.

If you need a mule we have a few cheap ones, and some mares. Remember, also, that we have two JACKS for service.

REFRIGERATORS

Nothing is made better than GENERAL ELECTRIC REFRIGERATORS. Like FARMALL TRACTORS, they have public acceptance, which is evidence of their superiority.

We have another full carload on the road this week. These will enable us to furnish you any style, and at any price, you desire. DON'T BUY UNTIL YOU HAVE SEEN THE GENERAL ELECTRIC.

We also have a large stock of MAYTAG and GENERAL ELECTRIC WASHERS and have our shop equipped to service any make.

Black Hills Baptist W. M. U. in Session On Monday, May 12th

The Black Hills Baptist WMU met Monday, May 12 with Mrs. Melvin Rich. An interesting Mothers' Day program was led by the hostess. The meeting was opened with a prayer and the program was as follows:

Origin of Mothers's Day: Mrs. C. V. Breithaupt.

Thoughts of Mother: Mrs. W. L. Poarch.

To Mother: Mrs. O. S. Rich.

The Golden Key: Mrs. F. P. McQuiston.

When I've a Battle to Fight: Mrs. Guy Poarch.

Mother's Day: Mrs. Clovis Stover.

Sweetest Mother of All.: Mrs. Melvin Rich.

My Mother: Mrs. Ernest Cook.

A Prayer For Mother: Mrs. W. N. Hamilton.

If I Could Hear My Mother Pray Again: A Duet—Mrs. Ernest Cook and Mrs. Clovis Stover.

This was our usual grab box day and every one received useful gifts. A game on birds was led by Mrs. Melvin Rich, and the prize was won by Mrs. Clovis Stover.

During the social hour the hostess served coccanut chews and iced Dr. Pepper to nine members and one visitor, Mr. W. D. Burnett. The next meeting will be at the church May 19. Visitors are invited.—Reporter.

RITES THURSDAY FOR MRS. KATIE WOODS, FORMER OFFICIAL

Funeral services for Mrs. Katie Joe Woods, 67, former Navarro county tax collector, who died early Wednesday morning with a heart attack while visiting relatives in Corpus Christi, were held here Thursday afternoon at 3 o'clock from the First Methodist church. Burial was in Oakwood cemetery. The rites were conducted by Dr. P. E. Riley, pastor of the church.

A native Texan, Mrs. Woods spent most of her life in Corsicana. Prior to being elected tax collector in 1929, she had served as a deputy in the office for a number of years. She had long been prominent in the Methodist church and was well-known throughout Navarro county. For the past several years, she had made her home in Fort Worth. The county tax collectors office was closed during the funeral hour.

Surviving are a son, Joe E. Woods, Corpus Christi; two daughters, Mrs. H. C. Thomas, Fort Worth, and Mrs. John Cleveland, Brownsville; four granddaughters, three sisters, Miss Annie T. Smith, Dallas; Mrs. Mattie Dublin, Brownwood, and Mrs. D. G. Grantham, Carlsbad, N. M., and a brother, Wiley Smith, Pasadena, Calif., and other relatives.

Pallbearers were T. A. Farmer, Jack Megarity, A. P. Woods, Beauford H. Jester, S. W. Burdine and W. P. McCammon.

Sutherland-McCammon Funeral Home directed the arrangements.

WPA Sewing Rooms Are Making Defense Guards' Uniforms

Announcement was made recently that the WPA sewing rooms have included the making of Texas Defense Guard uniforms in their sewing projects. Any Home Guard unit desiring further information concerning the making of their unifrms by the WPA may contact Bess B. Paddleford, 507 Superior Life Building, Waco, Texas.

News of County Home Demonstration Clubs

Oak Valley Club.

Everyone should study his Bible and try to learn the better way to live, Mrs. C. M. Stover told the Oak Valley Club May 8 in the home of Mrs. Hollis Venable. Though the Bible seems hard to understand, we should study it and try to learn its good teaching, she continued.

An interesting Bible quiz was led by Mrs. Stover, and Mrs. P. P. McKinney answered the most questions. Some biographical sketches of Bible characters were given also.

Mrs. G. H. Ferrell read some poems about trees. She also led a game about trees and the prizes were won by Mrs. P. P. McKinney, Mrs. Hawkins Scarborough, Miss Mattie Beale, Mrs. C. M. Stover and Mrs. A. S. Fulton.

A timely topic on the cotton program was given by Mattie Beale. This topic concerned cotton stamps. The government hopes to give the farmers a better price on their cotton.

During the social hour, the hostess served pimiento cheese and chicken salad sandwiches, Fritos, cookies and iced Dr. Pepper to eleven old members, one new member, Mrs. H. B. Bentley and one visitor, Mrs. Ira Stewart. The next meeting will be May 22. A notice will be in the paper soon as to where the next meeting will be held.—Reporter

W. P. DUMAS, BOND ATTORNEY OF DALLAS HIRED FOR COUNTY

W. P. Dumas, Dallas bond attorney, was hired to prepare bond election orders, etc., incident to the calling of a road bond election in Navarro county Wednesday afternoon by E. D. McCormick, county judge, and E. Y. Cunningham, county auditor, subject to the approval of the commissioners court, it was stated Thursday morning.

Judge Dumas represented Navarro county when Consolidated Road District No. 1 voted more than $2,000,000 road bonds in the late 1920s.

The Judge and Auditor earlier in the week had been authorized to hire an attorney by the commissioners court.

Happy Mother's Day Gathering in Home The E. L. Russells

The home of Mr. and Mrs. E. L. Russell of the Drane community, was a happy one Mother's Day, as all of their children gathered there to celebrate Mother's Day in honor of their mother. They being: Mr. and Mrs. L. E. Brown and daughter, Linda, of Corsicana; Mr. and Mrs. A. E. Drain and son, Kenneth, of Emhouse; Mr. and Mrs. C. G. Gray and daughter, Martha Joe, of Corsicana; and the son of the home, J. W. Russell.

Mrs. Russell was the recipient of several nice gifts.

At the noon hour all gathered at the well laden table which was laid in linen and centered with a beautiful bouquet of red roses, typical of a living mother. To say the mother was happy, but mildly expresses it. There's nothing gladdens the heart of mother more than have her loved ones at home with her. All went home in the evening hoping God would grant them their mother many more Mother's Day.—Reporter.

Frost Students Visit City.

Fifth and sixth grade students of the Frost schools inspected various Corsicana indusutries and business organizations Thursday including the Corsicana Daily Sun. In charge of the sixty pupils were Mrs. Ruby K. Davis and Miss Evelyn Mitchell, teachers.
